- *The event will take place unless extreme weather calls for cancellation in which case application fees will be returned. Vendors must provide for their own protection against the weather.*
- *No set-up equipment (tables or chairs) will be provided.*
- *Cell phone service is spotty in the park for some service providers.*
- *Vendors are responsible for set-up, tear-down and clean-up and are expected to stay for the entire length of the event.*
- *Any generators used must be reasonably quiet.*
- *Vendors should use Fort Road for setup in the park or Rt. 443 for setup on the bridge. Attendants will be onsite to direct vendors to locations. Vendors will need to UNLOAD and move vehicles to parking areas so that other vendors can get into the park or on the bridge. SETTING UP can be done after this.*
