

## Water/Sewer

The Village is updating its water reading and billing software. This has caused a delay in the water/sewer invoicing. Please note your next couple of water/sewer invoicing may also be delayed. DPW is in the process of changing water meters and will contact you if your meter needs upgrading.

## Information Sharing

- If you have information to share on the community sign (across from NBT Bank) submit your notice to the Village Office — villscho@midtel.net — before the first of each month so that the board is changed once for the month.
- There are brochure racks and business card holders at the entrance to town hall for businesses and organizations.
- Notices for inclusion in this newsletter can be submitted to schohariepromo@yahoo.com.

## Schoharie Economic Enterprise Corp.

The Town and Village have teamed up to submit a joint application to the \$10,000,000 State Downtown Revitalization Initiative program and the \$4,500,000 New York Forward and need your feedback!

To provide information for both the Comprehensive Plan update and the DRI and NYF efforts, a brief community engagement survey will launch at the end of August to gain feedback on proposed priority investments for the Village, Central Bridge Hamlet and the area surrounding Interstate-88 Exit 22. This survey will be available at the start of the process to direct the Comprehensive Plan update in addition to helping to inform the Town and Village as they cooperate on the two funding applications.

The project survey goes live on August 30th, but don't miss your chance to help shape the application's vision by visiting [www.seecny.org/dri](http://www.seecny.org/dri)!

## Wolfe's Laundry Den

As a post-retirement venture, Nancy and John Wolfe purchased the 58-year-old Schoharie Laundromat after Tropical Storm Irene flooded the valley more than a decade ago. The couple completed a total rehab of the building, installing top of the line machines, and opened the new Wolfe's Laundry Den on March 8, 2014.

Offering well-maintained 20, 40 and 60 pound washing machines, the laundry has many regular customers, some who travel long distances. The business has a well-deserved reputation for service and cleanliness, with machines being continually cleaned during open hours, along with weekly maintenance. Dry cleaning service is also offered with turn-around on Wednesday and Friday and they have someone who does alterations including zipper replacements.

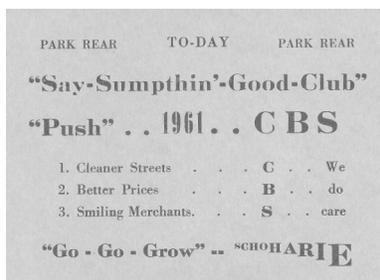

Having collected hundreds of forgotten socks, a clothesline hangs above the folding tables to hopefully one day reunite them with their missing partners. Besides socks, Nancy Wolfe has found many items of clothing, towels and textiles left behind in machines, which she shares on a "free" table.

And there's no need to just watch your clothes spin - the laundry has plenty to entertain and make patrons comfortable, including tables and chairs, magazines, puzzles, games, books, vending machines and television. The couple also maintains a large bulletin board for notices and information about events in the area.

The Laundry Den is open 6 a.m. to 10 p.m. seven days a week and on all holidays, with Sunday being its busiest day.

The back of this 1961 card reads "When you shop in town" WE APPRECIATE IT! Schoharie Merchants
