

Impact Throwing Academy Policies and Procedures

Payment

Payment is due at the time of service unless a pre-paid package has been set up. Cash and checks are accepted. Checks should be made payable to Impact Throwing Academy.

Cancellations-Notice Given

Please provide at least 12-hour notice of cancelling a confirmed practice session. Anything under 12 hours will be at my discretion whether a fee will be assessed.

No Call / No Show / Late Arrival- Confirmed Practice Time

There is a cancellation fee of \$25 as I am unable to schedule another client on such notice. For clients who have prepaid sessions, the missed practice can count as a session or have a separate \$25 fee.

No discounts will be given for late arrivals and practices will not be extended.

Requesting a shortened practice at confirmed session time

For any client that has a 1½-hour, or 2-hour practice scheduled and requests a shorter time at arrival of that practice, the session can be shortened, but the original fee will be applied. I need at least a 12-hour notice for those requests to make adjustments on scheduling, please.

Practice Spectators

Club practice sessions are considered private, only immediate family is allowed to attend. Any other attendees (coaches, friends, teammates, etc) will need to have my permission first.

Late Pick Up for Athletes

If the parent/guardian chooses to leave during the session to run errands that is acceptable, but it is their responsibility to be there at the end for pick up. I cannot be responsible for supervising your child after the session has ended and I'm required to stay until they're picked up. This applies to any session, regardless of if I am training another athlete. Any late pick up over 10 minutes will have a \$20 fee assessed.

Facebook

I encourage everyone to follow the club page on FB and Twitter (@ThrowingClub). On those pages I post the athletes successes, drills, club pictures, etc. I try to keep my business separate from my personal life.

Team Uniforms

As a show of team spirit or if the club pays for entry fee, I ask that an IMPACT jersey be worn. Warm up jerseys are optional and available. I distribute these at meets to the athletes before the competition then collect them at the end free of charge. If the athlete wants to a t-shirt can be worn underneath.

If a parent/guardian registers the client for a summer meet, it would be great if an IMPACT shirt is worn.

Equipment for Meets

I will provide club equipment for meets that I attend. However, I require anyone using a club shot or disc to sign their names on a sign-out sheet before taking it. There is no fee for using club implements at meets. If a shot or disc gets lost or misplaced, the athlete will be held fully responsible to pay for a replacement. Shots are \$50, discs are \$75.

Equipment Rental-refundable deposit fee

Club equipment can be rented for out-of-state meets or other meets that I cannot attend. A cash deposit of \$50 for shots, \$75 for discs. The cash deposit will be returned when the equipment is returned.

Early Termination of Contract Pre-payment

For anyone who prepays for practices in a contract at a discounted rate in a time frame (i.e., 10 practices in 12 weeks), and needs to cancel the remaining practices, a partial refund, minus \$30, for the unused practices will be refunded. Clients that have prepaid into a "pot" (no discount), will not be penalized. The money spent paying into a "pot" lasts indefinitely and can be used over any time period.
