

# DocView

## Workstation Technical Requirements

**Browsers Supported** Docview has been tested on several web browsers including Internet Explorer, Google Chrome and Firefox.

**PDF Viewer** DocView is supported with Adobe Reader X or later. For free Adobe Reader download, [click here](#).

**Browser Setting** DocView requires one or two browser settings set to Enabled.

In Internet Explorer, hit **Tools** menu, **Internet Options**, then **Internet** zone, then **Custom Level** and click "**Enable**" next to:

### File Downloads

#### Automatic prompting for file downloads (if it is listed)

*Your clinic/hospital IT department may need to change this setting at either the workstation level or in your organization's Group Policy.*
