

## COMPUTER AND INTERNET USE

The Tensas Parish School Board believes it is necessary for all persons to become aware of acceptable use of computers. Any person using computers or other electronic information resources shall be required to use such equipment and resources in a responsible, legal manner. The School Board retains the right to monitor all computer usage and files for compliance to all regulations and/or procedures.

The Internet is a vast global computer network that provides access to major universities around the world, governmental agencies, other school systems, and commercial providers of data banks. The School Board shall establish appropriate guidelines for exploring and using Internet resources within the school district to enhance learning and teaching activities.

Age and grade appropriate classroom instruction shall be provided regarding Internet and cell phone safety. Such instruction shall include appropriate online behavior, interacting with other individuals on social networking websites and in chat rooms, and cyberbullying awareness and response, as well as areas of concern as authorized in state and federal law.

In addition, the School Board, in conjunction with local law enforcement agencies, shall develop and distribute age and grade appropriate information to each student regarding Internet and cell phone safety and online content that is a threat to school safety. The information shall include the following:

- Instruction on how to detect potential threats to school safety exhibited online, including posting on any social media platform.
- Visual examples of possible threats.
- The process for reporting potential threats, which shall be in accordance with the procedures referenced in policy *EBBB, School and Student Safety*.

Such information shall be either distributed to or explained to students and school personnel at the beginning of each school year and shall be posted on an easily accessible page of the School Board's website and the website of each school.

If information reported to a school is deemed a potential threat to school safety, the school shall present the written form and any further evidence to local law enforcement.

The School Board shall incorporate the use of computer-related technology or the use of Internet service provider technology designed to block access or exposure to any harmful materials or information, such as sites that contain obscene, pornographic, pervasively vulgar, excessively violent, or sexually harassing information or material. Sites which contain information on the manufacturing of bombs or other incendiary
