

## *WFHS Equestrian Team Requirements for Lettering*

**Note: These are not intended to allow everyone who joins to letter. Documentation of required participation in items below must be turned in to Team President no later than the specified date.**

1. **Academic Requirements:** Team members must maintain a passing grade (defined as 70% or higher) in all curricular classes at school.
2. **Lesson Requirements:** Each team member must attend the required lessons each month with the WFHSET official trainer or a trainer approved by the team trainer. These required lessons equal a total of four lessons per month beginning in August and continuing until the competition season ends. If a rider qualifies as an individual or team rider for IEA Region Finals, IEA Zone Finals, or IEA Nationals, lessons will be required to continue for those riders until each of their qualified events have ended.
3. **Summer Camp:** Attend summer camp with your assigned group or other approved clinics.
4. **Show:** Show in 5 IEA shows as a member of West Forsyth Equestrian Team. Take the Horsemanship test at each show.
5. **Fees:** All fees are up to date.
6. **Community Service:** Team members are required to participate in a minimum of 5 hours of non-riding events throughout the riding season. All volunteer hours must be logged in and submitted to the Team President or Vice President by the designated date – approximately in mid to end of April of the competition year.
7. **Fundraisers:** Each team member is expected to participate in team fundraisers throughout the season.
8. **Workouts:** Each member of the team is required to participate in team workouts twice a week at West with Coach Z. If you do not go to West or have a medical reason for not participating a Workout Log is required to monitor your activities.

**I have read and understand the West Forsyth High School Equestrian Team/Club Lettering Requirements:**
