MIATA CRUISE IN

SUMMER CRUSH WINERY

4200 JOHNSTON ROAD, FT. PIERCE

OCTOBER 22, 2022

11AM - 4PM

Currently I know we have 4 or 5 Miatas going to the Miata Cruise In and we are all staying over night on Saturday at the Holiday Inn Express in Ft Pierce. They offer a discount if you tell them you are going to the "Miata Cruise In at the Summer Crush Winery".

Currently I am planning to do a 'caravan' to this event. If you are interested in going and would like to drive over together, let me know. My email is mrhandyrsl@hotmail.com.

Above is a photo of our 30+ foot tall Sea Grape from back in 2021. It was started in about 2002 from a transplant I got from a customer. At that time it wasn't even one foot tall!

To the right is a photo from a few nights ago. That's the same tree. Now it's a living (we hope) modern art sculpture. Grown by Mother Nature and us, designed by Hurricane Ian, Walt's Tree Service (from Pensacola, FL.) and us. After it was cut back, we rushed our and got solar spotlights so we could show it off after dark!

Just some of the 13 palm trees that had to go!

The Cruise In to the winery is still on. I'll send an email and Text to those who have said they were going. If you want to join in, text me at 239 699-6339.
