

MOBILE TICKETING

A WHOLE NEW LEVEL OF SPEED AND CONVENIENCE IN BUYING TICKETS.

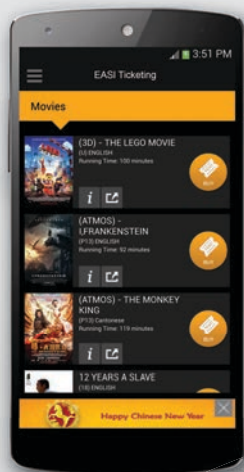

MOBILE TICKETING

This is undoubtedly the next wave in the evolution of e-business.

Mobile Ticketing provides extra convenience to your customers due to its mobility, speed and flexibility that let customers purchase movie tickets anytime, anywhere. This also allows them to connect with you personally in real-time.

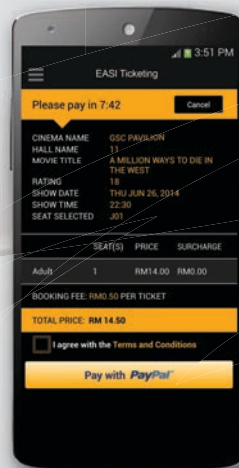

Once payment is successful, customers are provided with a 2D barcode, which they can use for self-admission via AUTOGATE/2D Scanner (connected to our CHECKPOINT Application) at the checkpoint.

Apart from the usual ticket purchase process of selecting by cinema or movie, customers also have the option to use the FasTicket function for quick selection of cinemas, movies and showtimes.

Seat selection is in real-time and once the details are confirmed, customers will proceed with payment via direct debit, credit card or PayPal.

The application also provides advertising opportunities. It includes a promotion tab for movie posters or advertisement posters. In addition, it also supports banner advertisements.

SELFPRINT TICKET & AUTOGATE

A WHOLE NEW LEVEL OF SPEED AND CONVENIENCE FOR YOUR CUSTOMERS.

SELFPRINT TICKET & AUTOGATE

For tickets purchased over the Internet, moviegoers have the option to print out their tickets online via our SELFPRINT Ticket function that comes with a 2D barcode.

This not only help to reduce cost but also enhance printers' lifespans. Moreover, customers can save valuable time without queuing to collect their tickets at the counter.

With the SELFPRINT ticket, moviegoers will be able to proceed directly to the checkpoint for automated ticket verification and admission by scanning the 2D barcode using the 2D scanner or AUTOGATE. The same 2D barcode is also used for concession items purchased over the Web.
