

TICKETING

PROVIDE COMPREHENSIVE FUNCTIONS THAT SUPPORT YOUR TICKETING AND F&B BUSINESS PROCESSES.

TICKETING

Regardless of different customer purchasing behaviour and the staff's understanding of business processes, our suites of solutions cater to the diverse needs of today's purchasing and operating trends.

We will provide your cashier with an all-in-one, user-friendly interface system to handle over-the-counter sales.

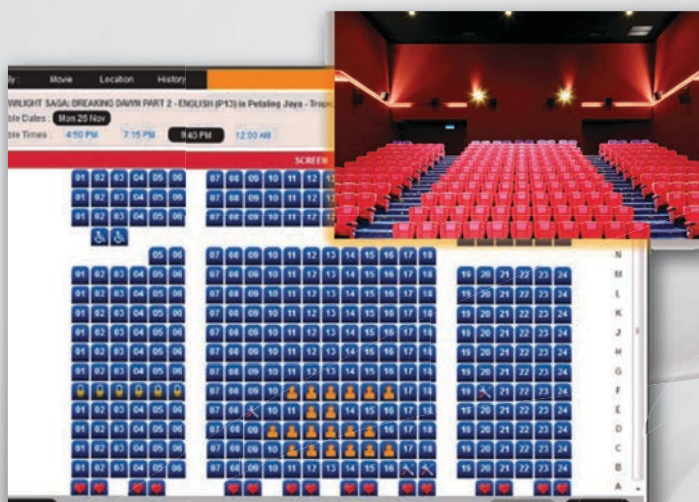

The system provides real-time seat selection. It also has extensive functions that include unlimited halls and capacity setup, movie scheduling, multi-ticket type, mixed payment mode including vouchers and unlimited price policy including surcharges.

Your customers can also download our MOBILE application for smartphones that runs on iOS, Android and Windows Phone to make their purchases.

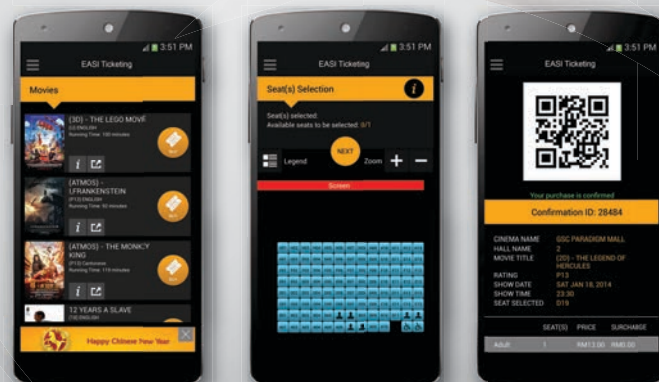

Additionally, should your customers call in to make ticket reservations, our Interactive Voice Response (IVR) functions as a call centre to take calls and acknowledge their reservations.

The system supports various payment modes such as credit card, direct debit, PayPal and E-Voucher redemption.

Reports available for auditing and monitoring can also be exported to PDF/EXCEL formats.

With E-Payment, movie showtimes and ticket purchases can be made available on the Internet.

FOOD & BEVERAGE

PROVIDE COMPREHENSIVE FUNCTIONS THAT SUPPORT YOUR TICKETING AND F&B BUSINESS PROCESSES.

FOOD & BEVERAGE

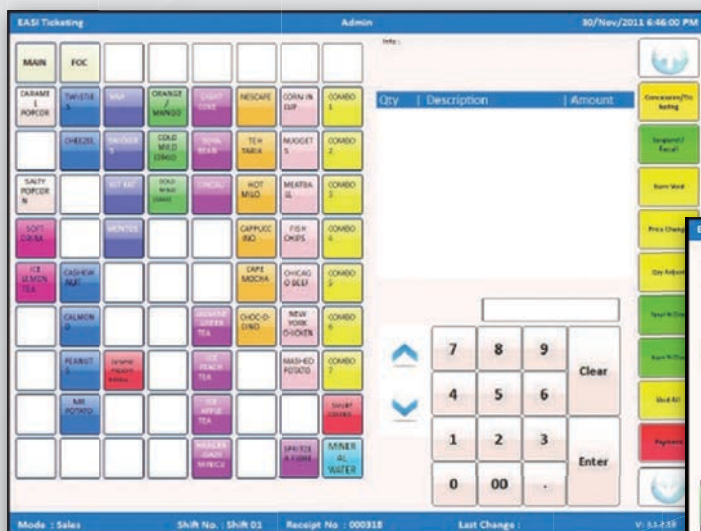

Apart from supporting concession operations, EASI Ticketing also supports Dine-in & Quick-Service operations.

The system is able to define up to 10 levels of product groups to classify your products.

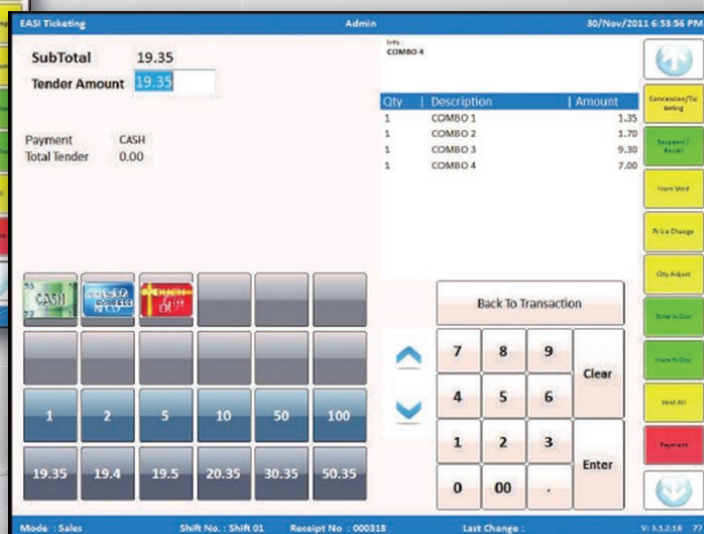

All product movements (such as ordering, receiving, sales, transfer, etc.) are tracked to provide an audit trail. The system gives accurate inventory information to ensure a healthy stock level. An inventory check is available on real-time.

An auto-replenishment function is available for highly repeated items.

With such a comprehensive yet simple application; your business operations will be transformed to a whole new level.

Flexible price change and promotion functions are available to handle various promotion mechanics.
