

Good morning on Behalf of the EYEBANK NET.

This is [YOUR NAME AND CALL SIGN] located in [YOUR CITY/STATE].

The EYEBANK NET was organized in 1962 for the purpose of locating and arranging for the distribution of eye cornea tissue to be used in transplant operations. We handled this traffic for over 30 years, until the internet took over the job. During that time, the EYEBANK NET assisted in the transfer of over 11,000 eye tissues.

We are now a public service Net and meet Monday thru Friday at 7:30am Central Time for fellowship and to help keep the tradition of Amateur Radio alive.

This is an open Net and all HAMS licensed to transmit on this frequency are welcome. We use NET LOGGER to facilitate the roll call. We encourage you to check in and follow us at EYEBANK NET 40 METERS. If you don't have NetLogger, it can be downloaded for free at [www.NetLogger.org](http://www.NetLogger.org).

We have a list of regular check-ins that we call and will prioritize those stations needing to do an Early Check Out. Once you have checked in via NetLogger, I will acknowledge you and will return back to you during the comment round. If you are not using NetLogger you can check in by stating your Call Sign, slowly and phonetically when asked to do so during the Net. Also, if you hear a station that I cannot hear, please say "RELAY" after I state "NOTHING HEARD".

I will now ask for any Emergency traffic before beginning the Net. If you have Emergency traffic, please state your Call Sign, slowly and phonetically.

—PLEDGE—

I pledge allegiance to the flag of the United States of America, and to the Republic for which it stands, One Nation Under God, Indivisible, with Liberty and Justice for all.

—CLOSING—

On behalf of the Eye Bank Net, Thanks to all of the stations that participated during this net and thanks to all of those who helped provide a clear frequency. I would like to remind everyone that we meet here each morning Monday thru Friday at 7:30 am Central Time for the formal session of the Eye Bank Net.

This is [YOUR NAME/CALL SIGN] closing this session at this time. I am clear and returning the frequency back to normal operation.
