Committee Reports:

The meeting opened with a positive message from the President that while 2021 has been a difficult year we need to be thankful for our health and ability to gather as a group to play golf at a beautiful course.

The Secretary reminded members that it was helpful to have early responses to be able to gauge the size of the field

The Treasurer provided an overview of the current financial position which in spite of a drop in revenue due to Covid, expenditure on Trophies, prizes and cost of AGM lunch had a healthy closing balance of \$1,815.40.

The Captain reflected on the year with the impact that COVID had on our ability to play our club and grade championships so there were no trophies awarded this year.

The Captain, President and Secretary all made the point that we need to actively recruit new members and guests to increase numbers for 2022.

Election of Committee for 2022

After the various reports the current committee was dissolved and the election of the new team for 2022 was called for by Joe Mabley. The current committee were re-elected unopposed except for Allan Daines who retired as Treasurer. Rick Taylor nominated Grant Brewer as treasurer, was seconded by Richard O'Reilly and was accepted by the quorum.

Other Business:

It was agreed green fees next year would be \$73 (same as MVGC) per month and that the annual membership would be set at \$60 due in January 2022.
