

INVESTOWISE

₹ 10,000 invested in 1993 Infosys IPO is now worth Rs 4 crore.

- ✓ Founded in 1981, it made its debut on the stock market 25 years ago, in June 1993.
- ✓ The company has issued bonus shares to its shareholders six times so far and has never missed on paying dividends in last 25 years.

When you take informed decisions in Equity Market, wealth creation does not look difficult.

With this objective in mind 6 years back, KP sir started with his advisory services under the brand name **INVESTOWISE** to help Investors buy top quality blue chip stocks & make them realise the power of Equity.

PRODUCTS WE OFFER

1. A2S – ANYTIME ADVISORY SERVICES

Simple yet potent. Pay one time & get registered for a year & get all Advisory for a year at no extra cost. No profit sharing. Further, we are the only Advisory across India to make customised services possible for that price. 24x7 support provided.

2. S2T2 – STRATEGIC SHORT TERM TRADING

Well suited for the ones who are impatient & want quick money in short duration. Advisory is provided without compromising on quality of stocks. So, you get some top notch fundamental stocks with great momentum. Risk involved is slightly higher but it's worth it with Investowise.

3. VIRTUAL PORTFOLIO MANAGEMENT SERVICE

Our team will aggressively monitor your portfolio & every 3 days, portfolio rebalancing strategies will be shared based on Market Scenario and global cues. This will help you capitalize on event driven news and make the most of your invested Capital.

4. PRS– PORTFOLIO RECONSTRUCTION SERVICE

It's more like an Insurance. We will revamp your portfolio in which we will guide you on

- 1) **stocks to exit completely**
- 2) **stocks to partly exit & target price for balance**
- 3) **stocks to continue holding with target price**
- 4) **fresh buy positions with target price to exit.**

What makes our Advisory services BEST:

1. We treat each client differently because you indeed are different with respect to investment amount, horizon & risk appetite.
2. We don't blindly shoot messages to you. Every time you seek recommendation, we consider your existing portfolio & try give you maximum benefit from diversification.
3. We conduct extensive research on fundamentals of the scrip before recommending. Business model, growth in profits, sector specific research, economic scenario, global markets & many more dynamic factors, we consider them all. Nothing is by fluke or rumour based in our books.
4. The one to one attention KP sir gives to all his clients is unparalleled. Find us another quality advisor who can be 10% as committed as him. We bet you can't.
5. We have advisory available at most affordable rates as we believe everyone deserves to get benefitted from magic of Equity.

Stay Bullish
