TREDDEX

Quality Aluminium Stairnosings

Dimensions shown in millimetres / Pictures not shown to scale
Insert colours Due to printing limitations, please view an actual insert sample for an accurate colour representation

RetroFit
 RetroFit stairnosings profiles have a diminishing tread on the back edge. Therefore they can be installed on top of existing hard/vinyl floor surfaces (Installer to confirm suitability on site)

DDA Compliant
 Guidance is provided in approved documents such as approved document M, which is based on BS8300:2001. Nosings are to be made apparent by means of a permanently contrasting material 55mm wide on both the tread and the riser.

Slip Resistant Inserts
 Pendulum test BS 7976
 59 Dry / 49 Wet
 Low Slip Potential

Multi-angle
 MA1 Multi-angle
 Inserts allow for 4 height positions 3.8mm / 5.8mm / 11.8mm / 13.8mm to suit the full Treddex range / Standard stock lengths are 3.20m

Multi-Angle Pre-formed
 MA183 Pre-formed 83 degree angle for raked back stairs
 MA190 Pre-formed 90 degree angle for straight front stairs

Nap trim
 TN1 nap trim designed to fit the Treddex Heavyweight range
 Standard stock lengths are 3.20m. Available punched or unpunched

Mitre Curves
 A mitre curve service is available for curved stairs, produced from a customer template. Clean cut angle pieces for simple site installation
 Turnaround time is approx 1 week
