Article V on the School District ballot, passed to form a study group. The total vote for the entire District was **1194 Yes to 990 No**. (Bridgewater voted **96 Yes to 280 No**.)

Even if all the "yes" votes were converted to "no" votes in Bridgewater, The Article would have passed by a fraction as this article had to have a simple majority to pass.

If it had been a vote on the apportionment formula, the article would have failed as it would require 55% to pass.

We will re-group to educate and inform you about this very serious matter between now and the next election.
