

H-B REFUSE DISPOSAL DISTRICT
2011 REGULATIONS

The H-B Refuse Disposal District has operated since 1975. In that time we have learned a great deal about the operation of a small solid waste disposal plant. It has become obvious; the only way to lower the per capital cost of handling solid waste is by a system of separation and recycling. Experience confirms this fact. The cooperation of each of us is essential in keeping the costs down.

All solid waste must be completely separated and ready to dump before reaching the facility. Trash is subject to inspection by attendants and repeated failure to comply with the separation requirements will result in the loss of the privilege to use the facility.

You are encouraged to ask for assistance from the attendants. They are there to answer your questions and help you. You may also call the center at 744-8938 if you have any questions. Separation sounds more difficult than it is.

No hazardous wastes will be accepted.

FOR RENTAL UNITS
OBTAIN WHITE STICKER WITH
VALID DATES FILLED IN FROM
TOWN OFFICE AND ADVISE
TENANT TO PLACE STICKER ON
OUTSIDE OF A DRIVER'S SIDE
VEHICLE WINDOW TO ACCESS THE
FACILITY
**THIS MUST BE DONE IN ADVANCE
OF DATES TO BE USED..**

Town:

SOLID WASTE IS TO BE SEPARATED AS FOLLOWS: (See new (2011) related fees on reverse side)

BURNABLE:TRASH All bags must be opened and emptied. Empty plastic bags go with the plastic. Do NOT drop any plastic bags in with the burnables.

PLASTIC: All plastic containers must be empty, rinsed out and tops removed. In this area also will go all plastic bags, wrap, covers, Styrofoam, rubber, (no tires), webbing from lawn chairs, etc. If you are not sure, ask an attendant. If containers are not empty and rinsed out, you will be required to take them back home with you.

GLASS: All EMPTY glass containers. Caps and rings should be removed, Metal caps go with cans, plastic caps go with plastic.

CANS: Beverage cans and food cans ONLY. All cans **must be rinsed out.** No aluminum foil or scrap metal. Place these items as directed in proper areas.

FOIL: To be placed where directed. Clean foil only. Do not leave food or other material wrapped up in the foil. No cans or caps/rings in this area.

NEWSPAPERS: To be placed as directed. Newsprint only please.

MAGAZINES: To be placed as directed.

CLOTHES: And items too good to be disposed of may be left with attendants for recycling.

BATTERIES: To be placed as directed. This includes all dry cell and wet cell batteries. **Do not place any kind of battery in with cans or burnables.**

PAINT CANS & OIL FILTERS: To be placed as directed. All spray cans go in this area also. If paint cans have paint in them, save them for Hazardous Waste Disposal Day. Dates will be posted. If in doubt, ask an attendant.

MEDICAL: Sharps that have been used in human or animal patient care, including hypodermic needles,

syringes, broken glass, or scalpel blades must be placed in a durable plastic container (bleach bottle) and distinctly labeled. No animal carcasses or body parts from wild, domestic or farm animals accepted.

SCRAP METAL: To be placed as directed. All scrap metal must be free of any wood, plastic or glass. No closed containers accepted (steel drums, oil or fuel tanks).

PROPANE CYLINDERS: To be placed as directed.

MOTOR OIL: Will be accepted in plastic containers ONLY. No containers larger than two gallons. LIMIT: No more than one two gallon container of used oil.

LEAVES AND YARD WASTE: To be placed as directed. No plastic, paper, wood, branches or brush in this area.

WOOD & LUMBER: Place as directed. LIMIT: One standard-size pick-up truck load per day per household or jobsite. No wood or stumps over 4 (four) inches in diameter allowed. No paper, cardboard, plastic, shingles, windows, etc. in this area.

WOOD ONLY PLEASE: **MUST BE SEPARATED:**
UNPAINTED & PAINTED/TREATED

FURNITURE: All furniture, sofas, chairs, mattresses, etc. **MUST** be broken down and stripped **BEFORE** reaching the facility. All wood, fabric, foam, cloth, plastic and cardboard must be removed from the metal and placed as directed. Do not expect to do this at the facility.

SHEETROCK AND SHINGLES: LIMIT: One standard-size pick-up truck load per day per household or jobsite. No dump-truck loads. No wood, paper, cardboard, plastic, or any other material allowed to be mixed in with sheetrock or shingles. Mixed loads will **NOT** be accepted. Do not expect to sort loads at facility.
