

OBEDIENCE CLUB OF SAN DIEGO COUNTY, INC.

Club News JULY 1958

PRESIDENT'S COLUMN

At this time we are very happy to announce to our members the very gratifying results of our effort to conduct an Obedience Training Class in Encinitas. Wonderful results have been achieved through an Ad we have run in the Encinitas paper. Letters express so much appreciation of this action of ours and so much interest. We hope to start our first class within a couple of weeks. Graduation Trials will be held upon the completion of each class and graduation certificates will be issued to those who make the qualifying score. More details on this subject will be given at our Wednesday night meeting.

Graduation Trials will be held for our San Diego classes as soon as we select and have made up our Graduation Certificates.

We are planning to hold our Club Picnic the last of August. Location and details will be given in the August issue of the Club News. An entertainment committee will be appointed by your President as a permanent committee, and we know it will prove it's necessity as well as our worthy Assisting Committee. Volunteers for this committee will be gratefully received. This new committees' first duties will be to establish and set up a schedule of entertainment for our picnic.

Suggestions from our members for entertainment and fun would be very much appreciated.

Thank you,
Wallace Sheldon

---CLUB MEETING---

POT LUCK DINNER
JULY 16, 7:30 P.M.
HIGHLAND & LANDIS
EAST SAN DIEGO

JULY 16th CLUB MEETING

In checking our attendance book, we found that July of 1957 lead the year in club meeting attendance. 69 attended. Will all of you help repeat that record this year? One more would make it 70. Our thanks would go out to you many times. We feel sure our Pot Luck will be just as wonderful as last months and believe me that is well worth coming for.

Our Assisting Committee is doing such a grand job that all we have to do is eat, relax and enjoy ourselves. Bring a guest or two with you. We will be happy to have them.

Our speaker for the evening will be Curtis Finney. Curtis is one of our worthy trainers of our Club. He has done Obedience training in Germany and he will give us an interesting review of the fundamentals of this training in that country. He was introduced by Fon Johnson at one of our past meetings and gave us a brief talk on this subject. Curtis has accepted our request to review his experience with Obedience Training in Germany and we feel sure his subject will be of interest to all of us.

PLEASE ATTEND

Fon and Audrie Johnson put on an exhibition of Obedience Training at the Del Mar Fair and it was a tremendous success. Members of our club participated and their work was really outstanding. It was heart warming to witness the tremendous crowd and the interest displayed. Fon showed his Trick Dogs and they performed very well.

SPECIAL REQUEST FOR MEETING
ATTENDANCE

Let us remind you of the importance of your attendance and interest in our Club meetings. As you know, modern times have developed many various push-button operations which are very practical. Your Club Officers have no such button which would simplify their work and obligations to our Club. The progress we are enjoying has developed from a deeply interested group of Officers and Board members who constantly sacrifice their time and efforts to make our Club one that you as a member can be very proud of.

Your appreciation of our progress can be shown by attending our meetings. To the long time members of our Club, we want you to know that we miss you very much. Try to be with us next Wednesday evening and enjoy a Pot Luck Dinner, we will be very glad to have you.

You may bring a hot dish or a dessert. But first, don't forget to bring yourself, as we want to make this meeting surpass the record attendance of July 1957.

NOTICE

Please park your cars out of the training area when attending classes.

SHOW PHOTOGRAPHS

A wonderful group of still pictures were taken at our show of all those that placed and received Trophies. These pictures are still available for those who wish to place an order. If you are interested, contact Wallace Sheldon.

"THIS AND THAT"

When William A. Rockefeller, President of the Westminster Kennel Club was asked, "Which do you like better, dogs or people?", he answered, "If a man likes dogs he will seldom see one he dislikes. You can't say the same for people. We get more loyalty and affection from dogs than we do from people. But we must live with people, The real challenge is in making friends that will like us as much."
