Sutherland Bly Perrysburg High School

Sutherland will be attending the University of Toledo
to study Radiation Therapy and Dancing on the

Sutherland started dancing at age 6. Dance allows me to challenge myself while meeting the most amazing people that I know! My advice to younger dancers: Have fun but never be afraid to go the extra mile. If you really want something, you must work for it, outside of practice too! When Dance is your Sport, it is a team effort. I wouldn't be able to dance at all, without my parent's support! I am so thankful for all of my XDT teammates too! Do not dwell on your spot in a dance, because it's a team effort! You can stand out from anywhere! Thank you to all of the Dance teachers, which I have had at Dance Expressions, and for every opportunity big or small. Extra shout out to Miss Merissa, for going above and beyond, and for never giving up on me! In 5 years, I hope to be working as a Radiation

Raleigh Clair Rossford High School

Raleigh will be attending Defiance College
to study Middle School Education - Math & Science

Raleigh began dancing at 4 yrs. old! I love to dance because it is a step back from the real world! My advice to younger dancers: follow through with it, even if it is not your best . . . it will change your life! I would like to thank my Mom, Grandma and Stepdad. Thank you also to Miss Catie and my old dance teacher Mr. Roger. In 5 years I will be a Teacher, instructing Math to elementary or middle school students, have a little family and be happy with my life!

2026 Team Banquet

Rachel Semro
St. Ursula Academy

Rachel will be attending Bowling Green State University to study Cybersecurity

Rachel began dancing at 4 years old. I love Dance because it gives me a way to express myself, without words. Also, I love learning new tricks. The friends which I've made through Dance, are priceless! My advice to younger Dancers; I would tell them to not get discouraged when something is difficult. Also, take some time every now and then, to look back on how far that you have come! Be proud of yourself! You're Awesome! I would like to thank my parents for always supporting me and helping me work through my problems. I would also like to thank my siblings for coming to all of my shows, and for being my best friends!

Madeline Gill
St. Ursula Academy

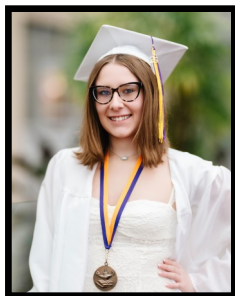

Madeline will be attending Auburn University to study Pre-Professional Flight to become a Pilot

I began Dancing at age 2 1/2. Ever since I was little, I have never stopped 'bouncing'! Dance gives me an outlet for my energy and an appreciation for detail. Dance is more of a lifestyle for me. When I am nervous, I dance . . . when I am excited, I dance! Basically, I'm always dancing! It brings so much joy, in every situation! My advice to younger dancers is that change is OK. As you evolve, so do your focus and wants. Remember that rejection is normal. Celebrate the little things and take risks that scare you, because you will never know what you're missing, unless you try! I would like to thank my Coaches and family for supporting me, my parents for guiding me, and lastly, my sister for always being my biggest fan! Love them all! In 5 years, I hope to be graduated, from Auburn University, and flying for a commercial Airline out of Detroit!

Emma Miller Maumee High School

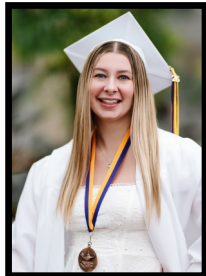

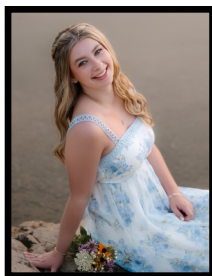

Emma will be attending Trine University to study Applied Health Sciences: Pediatric Occupational Therapy and Dance on the Trine University Dance Team

I started dancing in 1st grade. I love to dance because it allows me to tell a story, express myself, etc. I would like to tell younger dancers to keep practicing! When things get hard, don't give up. You will grow into an amazing dancer! I would like to thank my Grandparents and my Mom. They have helped me so much, along my Dance journey. During the next 5 years, I will continue my education, at Trine University, to earn a Doctorate in Pediatric Occupational Therapy.

Abby Phillips Maumee High School

Abby will be attending the University of Toledo to study Pharmacy

I started dancing at age 3 yrs. I have been on XDT dance team 6 yrs. I love Dance because it's fun, expensive and even better with friends by my side. Advice to younger dancers, Don't give up, even if it gets hard. Your hard work will pay off. I would like to thank my Mom and Dad, for investing in my Dance journey and for always encouraging and supporting me. In 5 years, I hope to be 1 year away from obtaining my Doctor of Pharmacy, at the University of Toledo!
