

Why is it the oil of the Negev Desert in Israel?

Israel is the birthplace of olives.

The dramatic temperature difference between winter and summer in the Negev Desert, which is at an altitude of 480 meters above sea level, produces high-quality olive oil with strong medicinal properties.

As a result, olives have been cherished as a natural remedy for many years.

NEGEV OLIVE OIL FILLED WITH ABUNDANT NUTRIENTS

Negev Olive oil...

Contains antioxidant components such as vitamin E, polyphenols, and plant sterols. It reduces bad cholesterol and helps prevent high blood pressure and heart disease. Also, it contains a lot of unsaturated fatty acids and oleic acid, so it helps breaking down accumulated fat and lowering blood cholesterol levels. Olive oil promotes smooth bowel movements and prevents constipation. It helps with weight loss.

"For God so loved the world that he gave his only begotten Son, that whoever believes in him should not perish but have everlasting life" (John 3:16)
