COMPANY OVERVIEW

Crossroads International Consultants, LLC (CIC LLC) provides project and program management services in the dynamic field of Information Technology. By championing ideas from inception to benefits realization, we deliver winning solutions that foster your business's competitive edge and amplify return on investment. Our focus on aligning project work to organizational strategy and identifying key goals leads to innovation, cost savings, and transformative outcomes. Our solutions increase transparency, improve business agility, and provide valuable insights.

CORE COMPETENCIES

Project/Program Management

Our collaborative approach ensures a seamless synergy between various teams, enhancing project execution and stakeholder satisfaction.

Deliverables Based IT

Our proficiency extends to diverse areas, including COTS integrations, software development, cloud technology, and SaaS products.

Results-Driven Approach

Deploy various frameworks and toolkits to identify and document measurable outcomes initiatives.
