

**A-MAN, Inc. STEM International Sponsors *Role Model Day*
The Biden Presidential Inauguration Committee National Day of Service**

Prof. Hildred (Hal) Walker and Dr. Bettye Walker

Los Angeles, CA— Science, Technology, Engineering, Mathematics was the focus Students from age 5 through 18 at the **Biden Presidential Inauguration Committee *National Day of Service!*** The event was hosted by **Dr. Bettye and Prof. Hildreth Walker**, Founders of **A-MAN, Inc. STEM International Science Center** on Martin Luther King, Jr. national holiday, January 18, 2021.

The Zoom event was attended by students from four states: California, Florida, Colorado and the District of Columbia, along with three International students. Role models who spoke included Yale graduate and Environmental Scientist **Selah Bell** who inspired the students and motivated them with his tips on succeeding in school and how to manage their time. Colorado MBA Graduate and Med School student **Tatiana Rogers** spoke about the importance of keeping a daily calendar/journal. In addition, she stressed the need for staying physically fit and eating healthy!
