

Where Historic Elegance Meets Modern Luxury

Casa Nova House is a boutique bed and breakfast set within a beautifully restored, heritage-listed Victorian stone mansion. Surrounded by private gardens, this unique retreat combines timeless elegance with modern comfort, offering a vibrant nod to its rich past.

Recognised as a site of national significance, Casa Nova House was the first stone residence built in the Waitaki district in 1861. Today, it features three deluxe guest rooms on the first floor, each thoughtfully designed to reflect the home's historic charm and refined style.
