From Interactive Consultants' In-house Stress Management training material

Part one: Your environment/pressures and satisfactions

Work World You spend one-third of your life working - earning a living. In your Work World you experience challenges, crises, and demands, as well as satisfactions and support.

Scale 1: Work Changes

Definition:

Work Changes are events at work that represent a shift from what you know as usual or constant, to something new or different.

Tips for learning:

1. Anticipate and plan for major changes when possible.
2. Expect change to be stressful.
3. Maintain healthy self-care practices, detailed in Scale 7.
4. Alter or slow down your regular routine to accommodate the demands of adjusting to change.
5. Practice some form of relaxation, such as deep breathing, yoga, etc.

Scale 2: Work Pressures

Definition:

Work Pressures are ongoing relationships, situations, or issues in your work, that you experience as constraining, difficult or draining.

Tips for learning:

**Depressionsbehandling med IPT^a
Interpersonal Psykoterapi**

Den 30. januar 2009

Indhold:

Interpersonal Psychotherapy (IPT) as developed by Drs. Klerman and Weissman, is an evidence based model of time limited psychotherapy that has proven effective in helping adults, geriatric populations and adolescents with depression. This model has been adapted to treat clients with eating disorders, post-partum depression, medical illness including HIV and cardiac problems, personality disorders and social anxiety.

In this workshop, the participants will learn:

1. To identify major components of the IPT approach to the treatment of depression.
2. Outcomes from randomized trials of IPT for the treatment of depression.
3. The rationale for utilizing an IPT approach with a depressed population.
3. To identify the strengths and limitations of the IPT approach.

Antal undervisningstimer: 6 **Treatment of Depression with IPT
(INTERPERSONAL PSYCHOTHERAPY)**
