Welcome to our Spring 2024 private treaty sale offering!

We welcome you to appraise our offering of bulls for sale.

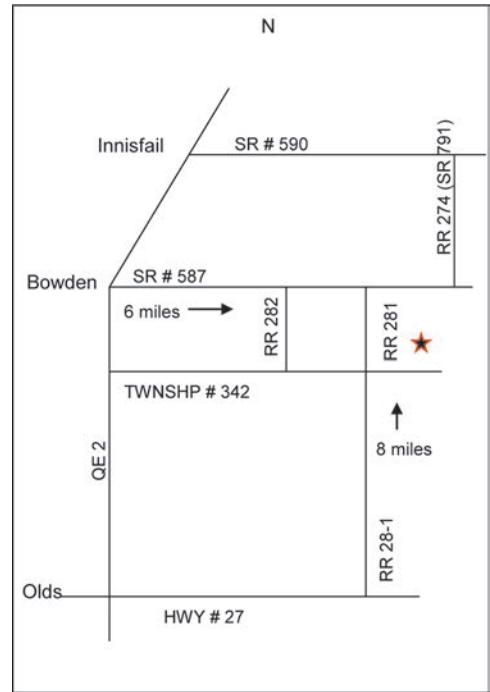

The cattle industry continues to be a bright spot in agriculture. Resilient producers with the right kind of cattle continue to be rewarded in the market.

We have always strived to produce the best type of cattle for the commercial industry. We've stayed away from showing fads and stuck to our program of selecting for strong maternal traits, disposition, hair coats and calving ease.

We are very pleased with the quality bulls we are getting from our new herd sires. Come check them out!

We welcome your visit anytime that works for your schedule. We enjoy talking cattle!

Time Tested

Our breeding program is backed by almost 80 years of continuously raising the best quality Hereford cattle possible.

Low Maintenance & High Selected

Our purebred cow herd is run like most low cost commercial herds with stringent selection for fertility, fleshing ability. Only the top 35% of our bull calf crop are selected as sale bulls.

Bred & Fed for Longevity

Our bulls are fed a high forage backgrounding ration that ensures their fertility and longevity. They are never creep fed. They are summered on grass and wintered in big pens. No feet are trimmed.

Our bulls are not fitted.

Geared for Success

Every part of our management and breeding program is geared towards our customer's success with our bulls.
