Welcome to our Spring 2025 private treaty sale offering!

It's a great time to be in the cattle industry and more important than ever to have a top bull to get your cows and heifers bred.

Our pen of bulls for sale represent decades of selection and culling to produce the best beef animals possible.

Repeat customers remark how our bulls have more hair and muscle, less condition and better feet. We've had tremendous feed back how our Herefords are working in customers' crossbreeding programs.

The hybrid vigour boost from Herefords is undeniable and there is a definite demand for white faced, brockles and baldies.

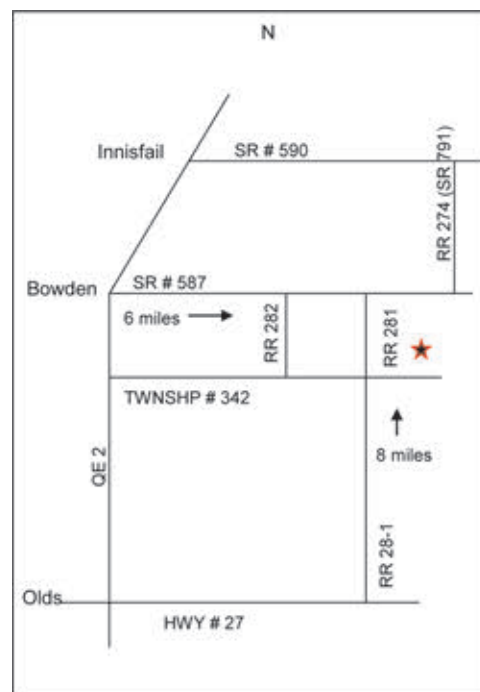

If you need an easy calving bull make sure to check out our "Easy" calving line that has generations of moderate birth weights and calving ease bred in. This "Easy" line has a proven track record of unassisted births on heifers and low maintenance cows.

Come and enjoy the low stress way to purchase your bull by private treaty. All of the bulls are priced individually. You know the price and availability before you leave home.

Come for coffee and a visit and enjoy selecting your new bull.

We look forward to your visit!

Randy, Sandra & Luke and Jessica Radau

Why buy from Coulee Crest?

Time Tested

Our breeding program is backed by 80 years of continuously raising the best quality Hereford cattle possible.

Low Maintenance & High Selected

Our purebred cow herd is run like most low cost commercial herds with stringent selection for fertility, fleshing ability. Only the top 35% of our bull calf crop are selected as sale bulls.

Bred & Fed for Longevity

Our bulls are fed a high forage backgrounding ration that ensures their fertility and longevity. They are never creep fed. They are summered on grass and wintered in big pens. No feet are trimmed. Our bulls are not fitted.

Geared for Success

Every part of our management and breeding program is geared towards our customer's success with our bulls.

The youngest bull in the offering from an outstanding 10 year old cow. He is a long, good performance bull with tons of potential.

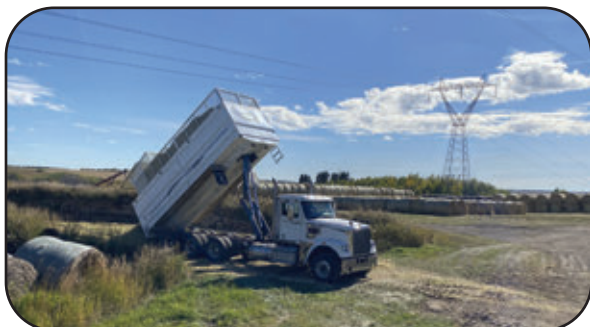

About the "Easy" Bulls

We have bred an easy calving line of our Herefords for generations. We name them "Easy" when they meet the following standards;

1. Must be born unassisted
2. Must be below 85 lb birthweight from a mature cow and below 80 lb birthweight from a first calf heifer (All calf birth weights are taken with a digital scale)
3. Must have below average birthweight (BW) EPD and above average calving ease (CE) EPD
4. Must be born quickly, have good shape for calving ease and excellent vigour at birth
5. Must have good quality and growth to weaning characteristics

"The calving ease is bred in before the name goes on" "EASY"

NOTE:

Fertility: All two year old bulls will be semen tested after purchase and closer to delivery or pick up date. The yearling bulls will be tested after they reach one year of age.

Delivery and Board: Free delivery within 300km of the farm in March and April after semen testing. If the buyer wishes, the bulls can be fed until June 1 if the purchaser picks their bulls up at the farm. We will work with buyers on delivery to central points on further distances.
