Welcome to our Spring 2026 private treaty sale offering!

It's been quite a year with the strong calf sales this past fall we have seen the beef business reach a new level of optimism for the future.

We continue to hear excellent feedback on how our Hereford bulls have performed well during the breeding season, creating growthy baldie and brockle faced calves. Customer's appreciate the white face advantage and have been rewarded with premiums for their calves at sale time.

We have a good selection of bulls to choose from as we've had more bulls than heifers in this past year's calf crop.

This pen of bulls of stems from over 80 years of breeding Herefords for muscle, hair, soundness, and udders. We have always put strong emphasis on culling and low amounts of conditioning to produce quality animals which ensure both the breeding season goes smoothly and lasting longevity for our customer.

If you need an easy calving bull, make sure to check out our "EASY" calving line which has generations of moderate birth weights and calving ease bred in. The "EASY" line has been proven year after year in unassisted births on heifers and low maintenance cows.

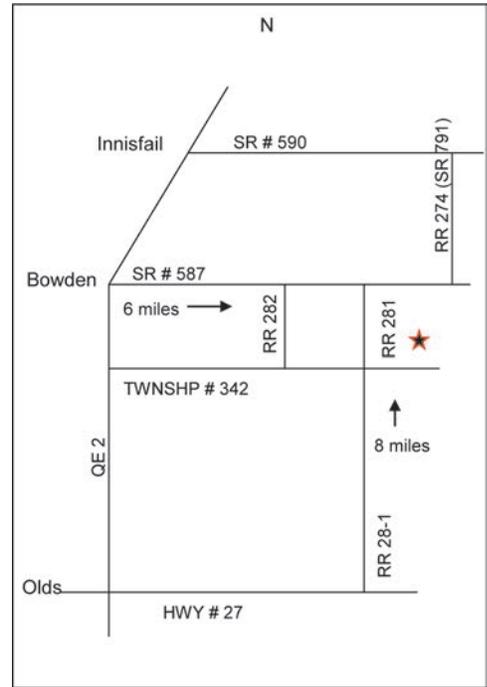

Please feel free to reach out anytime to schedule a tour of the bulls. You'll be sure to enjoy a low stress environment and be able to know price and availability before you leave home.

We look forward to your visit and welcome you to stay for coffee.

Randy, Sandra & Luke and Jessica Radau

Why buy from Coulee Crest?

Time Tested

Backed by **80 years** continuously raising the best quality Hereford cattle possible

Low Maintenance & High Selected

Our purebred herd is managed like most low cost commercial herds with stringent *selection for fertility, fleshing ability and soundness.*

Bred & Fed for Longevity

Our bulls are *summered on grass and wintered in big pens* on a high forage ration

Geared for Success

Every part of our *management and breeding program* is geared towards our *customers success* with our bulls

Proven Performance

Breed leading performance bulls for cows and "Easy" calving ease bulls bred for generations for calving ease on heifers or low maintenance cows

Low Stress

All of the bulls are individually priced.

Buyers know the price of the bulls before they leave home.

Come for a coffee and visit and take your time making your selection.

The youngest bull in the group but a standout for performance. He's a big barrelled, high capacity prospect that is loaded with growth potential.

About the "Easy" Bulls

We have bred an easy calving line of our Herefords for generations. We name them "Easy" when they meet the following standards;

1. Must be born unassisted
2. Must be below 85 lb birthweight from a mature cow and below 80 lb birthweight from a first calf heifer (All calf birth weights are taken with a digital scale)
3. Must have below average birthweight (BW) EPD and above average calving ease (CE) EPD
4. Must be born quickly, have good shape for calving ease and excellent vigour at birth
5. Must have good quality and growth to weaning characteristics

"The calving ease is bred in before the name goes on" "EASY"
