Guidelines for Supplement Usage

Silver Liquid (16oz. bottle)

If there are No Symptoms,
Take 1 tsp am and pm

If you feel like you are fighting something,
Take 1 tbsp 3 times a day

Make sure not to use a metal spoon.

Beta Glucan, 500mg

At this time, I recommend everyone take two beta glucan per day, which is the maximum recommended dose.

Esberitox, chewables

ONLY if you are fighting something and follow package directions.

Silver Lozenges

Follow package directions

Silver Gel

Apply liberally before leaving and returning home and any time in between that you feel necessary. Silver gel protection can last for a few hours.
