

# Supplies for Making Colloidal Silver...

1. Life Force Compact EZ-2 Colloidal Silver Generator

This comes with most of what you need to start  
([lifeforces@gmail.com](mailto:lifeforces@gmail.com))

2. TDS meter (Total Dissolved Solids meter), inexpensive from Amazon
3. Beaker or mason jar
4. Coffee filter
5. Funnel
6. Crock pot

Life Force comes with silver rods, but when you need more, I get them from Atlasnova on Amazon size: W10
