- All rates listed in this document are GST-free unless otherwise noted.
- All Unit Prices (Hourly Rates) are billed in 15-minute increments, allowing for flexible, accurate billing in line with service complexity.
- Service Cancellations: To ensure fairness and continuity of care, the following applies to all scheduled services. In both cases, a cancellation fee (equivalent to 100% of the face-to-face time scheduled) will apply unless the participant provides reasonable grounds, which may include emergency hospital admission, a significant health incident, or loss of a loved one. We may use discretion in applying the fees.
 - A late cancellation occurs when a participant cancels a scheduled service with less than 2 business days’ notice.
 - A ‘no show’ occurs when a participant is not present at the agreed time and location for a scheduled service.
- Parking Fee: If free parking is not available at or near the client’s home, and our clinicians are required to pay for parking, 100% of the parking fee will be added to the Allied Health service fee. Parking in shopping centres may not be suitable due to safety risks and the time required to access or exit large complexes. Clinicians are advised to use the most practical and accessible parking available, and any paid parking incurred will be included in the final invoice.
