

#120 “That’s *Impossible*”

Deep **inside** each & **every** soul
There is a conflict which takes its toll.
How high or how low one sets a goal
Determines how **joyful** ones “**Rock**” will roll.

This “**Rock**” is ones force field...**the “Source”** inside
From which ALL THINGS **seen** and **unseen** cannot hide.
Universal & Absolute LAWS exist **IN ORDER** for TRUTH to MANIFEST.
How our **lives** are at this **moment** proving what we like the best.

Just remember that *each snapshot frozen in time*
Cannot tell ones story with **PROPER** rhythm or rhyme.
This **will** sound **like a** total contradiction
Without the **highest** comprehension of **fact & fiction**.

We are Co-Creators *designed to show God’s glory*
Written miraculously & **INDIVIDUALLY** in EACH soul’s story.
God is **more** than anyone will ever figure out and all we can say is
“**Who Knows**” ?
Yet this “**Spirit of LIFE**” appears with splendorous grandeur as our
Understanding grows.

When someone is kind and demonstrates the “**Golden Rule**”
OPENED eyes will see **Love** using a human tool
Through choices made and vibes sent out.
SURELY this energy to **HEAL** exists – when there is **NO DOUBT**.

For UNBELIEF is the “**sin unto death**”... *in this way*...
Growth can **NOT** happen when **PEACE** says “**Move**”, and yet you stay.
This **FEAR** of the Unknown is **NOT** in harmony with **LOVE**.
For **LOVE** is courageous as a lion, yet gentle as a dove.

#120 “That’s *Impossible*”

The “**roars**” are meant to **DISEMBOODY** FEAR from your heart.
It **HAPPENS** when you remember whose you ARE from the start.
You are one with **LOVE**, thus no worries should come near
When the “**roar**” quickly fades and it’s the dove’s cooing you hear

Grateful that the Lion was really the King.
His **PEACE & JOY** is what He has to bring
To the dinner table – when you are then calm enough to eat
Because His “**roar**” sent ALL *negative* spirits into retreat.

This **Spirit wants to share ALL** that is **good**.
It’s **WILLING** to do this **NOW**, **but waits** till it **should**.
It’s when the darkness of cold is **transformed** by the **LIGHT** of Life’s **FIRE**
Ones feet can’t stay planted in the earth, but **YEARNs** to **RISE HIGHER !**

This **signifies carnality** and **selfishness** as **spirits that kill**.
When **LOVE** drives the ride the *JOURNEY* becomes one miraculous thrill
To SEE what wonders **CAN, WILL** and **DO** appear as if out of nowhere,
You’ll realize God’s not somewhere far off when you **MAGICALLY**
START TO DARE!

LOVE has NO limits but it DOES have its LAWS.
An un**WILLINGness to FORGIVE** is among **hate’s** sharpest claws.
For **WHY** is there darkness **TO** contrast the Light ?
It’s for EACH moment’s PERSONAL CHOICE to submit or fight.

There are actions that kill life on the **path** full of **worries** and plans
Restrained
Or bring such a **NEW LIGHT** and **GOODNESS** to our dreams our **joys**
Can’t be contained.

ALL is working for the good – **QUICKER** for those who “**Believe**”.
Just constant opportunities forsaken for those unwilling to conceive

#120 “That’s *Impossible*”

That we **MUST** be conscious *for a higher glory*.

We’re BEINGS on a level on which we **can’t SEE** the **WHOLE** story.

It’s (by **FAITH**) we live; from (thoughts) our “**LIFE**” is born – so to speak.

Life’s purpose is to show ourselves where it’s strong or weak.

The **Serenity Prayer** has a most UNIFYING spirit.

Glory be to God the day **EVERY SOUL DOES HEAR** it !

Using **Strength, Courage, and mostly WISDOM ... to follow**

THRUTH’S WAY

THE WORDS “**That’s Impossible**” will be **UNUSED** in the **LIGHT** of this **NEW DAY**.
