

#130 Love WINS

I find it funny where my **conscious** thoughts have **ventured**.
But I still believe our **lives** work out best when we're actually indentured
Slaves unto **RIGHTEOUSNESS**, which means this to **me**;
From the moment of **my creation** I was **"Born to Live FREE"**!

I'm free to **love** **whoever**, **whenever**, **wherever** and **however** I **please**.
That includes times when I choose to withhold or **give** & times to **tease**.
That's how creation works - as **God** has so brilliantly **designed**.
He **gives** each soul - **EVERYTHING** - and in its **zenith** it gets **refined**

To a **"Picture of Hope"** in which **God's face** is seen as **GOLD so PURE**
One can see right through it – into where we can **FIND EVERY CURE**
To **whatever** might ail our troubled hearts and **soul**.
When we **"REALLY BELIEVE"** this – our lives **BECOME WHOLE!**

The **MAGIC of LIFE** is so simple when **found**.
The answers to **everyone's** questions are all **around**.
They're **INSIDE** the person sharing a moment with **me**.
It's the **Ultimate Question** **God** asks; **"WHAT DO you SEE?"**

A world and universe we've now **CO - CREATED**
Where **every** other **soul** is either **loved** or **berated!**
Might we **CHOOSE** the **vibes** we create our **OWN** realities near **100%?**
Individually it wise to decide whether each thought is worldly and carnal
Or **"HeaVen sent"**.

Their origination will eventually become crystal clear
When listening inside your head if it's **God's** voice you hear.
It will always say; "**Do what's BEST for one another**",
This way the other soul will be treated like your mother or **brother**.

Mother-wise; as with the utmost love, respect and **unity**.
Brother-wise; with the camaraderie and **WISDOM** to see
We all have the same original **Mother** and **Father** – however that
Transpired - thus we're all **family**.
Trees produce fruit only of its own kind and we should "**Let them be**".

If the **fruit** is **GOOD**, *your slice of the pie will taste delicious.*
If it *still needs time to mature* – it will be **malicious**
Towards something "**out of balance**" either outside or within our own **skins**.
When PEACE of Mind is obtained & HARMONY is RESTORED...
THAT's when Love WINS !
