

# #138 A Walk with God

Let's go on a journey. How about a walk with **God**?  
We can do that without an interstellar travel pod.  
Just our two little feet, *if* you do indeed **HAVE** two feet.  
Maybe you only have one today, but this goal we can still meet.

Even without **ANY** feet, it would only become a *spiritual walk*.

**One where what we actually DO...MATCHES our TALK!**

In order for this picture to be seen

It's up to you to *enjoy* what's here to glean.

**"In ORDER"** means **God** is in control.

**He** lets us know when we should **"STOP. DROP. & ROLL"**

Because **our butts** are on **"fire"...***our vibrations* way out of whack.

This is how **he** gets us **QUICKEST** back on the right track.

**His "ORDER" is PAIN**, then **PLEASURE**. It has to be.

*Without this contrast visible to our hearts, we'll never see*

The **Beauty & Simplicity** of the way **He** works & reforms.

The **"Walking Way"** is the most *pleasurable* way to avoid those **"Fire-Storms"**.

Let's take things slow. That's usually the wisest way to go.

So **DEEP** contemplations & meditation puts us **"In Touch"** with the **"KNOW"**

This vibrates with the **"No Doubt"** action following the requested need.

**180°** in contrast to the strangling religious **spirit of greed**.

Those kinds of conversations...these meetings of two souls

Is what **Love (My God & Spirit)** uses to test what spirit controls.

There is a *spirit of humility* involved in *just the asking*

When one is in a current position where there is *no masking*.

# #138 A Walk with God

Circumstances are not important at all *when we're walking*.

Snapshots are **NOT** the **MOTION PICTURE** that makes more clear displays  
If our **talking**

Is in **HARMONY** bringing **PEACE** & **RESOLUTION** to the confronting issues.  
Again, the **God** of **"ORDER"** quite often uses painful tears then the tissues

Cleaning off the **"scales"** that fog the vision of **TRUE LOVE IN ACTION**.

A finely tuned focus, but only ONE CHORD in the song called "Satisfaction".

Sadly today in 2017 the minimally united 2 string **"Power Chord"** has corrupted  
The **"TRUE WAY"**.

It takes **3** notes to **tie** the **tightest link** and bring **any growth producing**  
**HARMONY** concerning any two Adams today.

Adam & Cain down the bloodline to ALL. That's you & me.

Could be a snapshot of something between an Adam & EVE when both  
Can't see

The **TRUE POWER CHORD** needs **3 vibrations** to bring the sensations of freedom  
Off the focus of itself, no changes but back & forth, no height or depth on the  
Horizontal and linear level of Edom.

The **"TREE of LIFE"** grows upward, its **roots down into** this world's clay.

The **3<sup>rd</sup>** note (**LOVE/SPIRIT**) allows new **GOOD** perspectives to **BLOOM** this way.

It takes **3** points to determine a point in space.

A point in a **"timeline"** of your **SOUL** which allows **you** to trace

On the path **you're walking** with **Spirit's LOVE** are you holding anyone's hand?  
Words & theories **ABOUT Love** don't rescue the **soul drowning** in this world's  
**"Quick Sand"!**

It's just **NOT LOVE** to teach you're getting what you deserve & that's **FAIR**.

**Breaths away from death**, I don't **CARE** how much you **"KNOW"** ...

I need to **"KNOW"** how much you **"CARE"** !!!
