

#141 The **EYES** Have **IT**

Your **EYES** are the **mirror** to your soul
They reflect everything that makes you whole.
They're a **2-way mirror** from which nothing can **hide**
Unless you **close** your eye lids **and act as if you've died**.

What you see and feel I can also **IF** you **LET me**.
It's the only way your soul can ever be set **free**
By **TRUSTING I CAN** handle the present turmoil and **strife**
Boiling inside your hearts cauldron where you repress
Your emotions...your **LIFE**.

EMOTIONS are the **cornerstone & keystone** in **Heaven's walls & gates**.
We are not just robots without a **FREE WILL**; so that **LIBERTY** relates
To choices you make to let me see inside – or **not**.
If **you've** got **fires burning** that **match your looks** – they're **EXTREMELY HOT !**

It takes just **a spark** to **light huge fires**.
The **SPARK** from YOUR **EYES** lights my hearts **desires**.
It's the "**Spark of Life**" that lives in your **soul**
And "**Life**" **LOVES** to **SHARE** its **FRUIT** as its **goal**.

The **fruit** I'm thinking of now is a pair of **firm melons**.
Oh, oh. Can I keep this poem on track? No **tellin'**.
With rhyming like that my humor is just **jellin'**.
I hope you're OVER 18 so I won't become a felon ! ! !

Ha. Just kiddin'. I'm not lookin' that **young**.
I'm middle aged now and not so quick with my **gun**.
I want to shoot my ammo where it won't get **wasted**.
It's the **sweetness of my spirit** I share that will get **tasted**

#141 The **EYES** Have **IT**

If I can read this poem to you **heart to heart** and **eye to eye**;
Get past that last line and you're **still willing** to **give me a try?**
Then you're a real trooper and have a **GREAT SENSE** of **HUMOR**.
So was that last joke a solid "**hit**", a **loud "dud"** or **silent "Boomer"?**

But seriously now, let's get back to your *sensuous, alluring, inviting me*
EYES.

They must **DESIRE** looking **DEEP** back into mine also with **NO hidden**
DISGUISE.

HONESTY is **#1** in my book. It's what surely matters the **most**.

Without letting **true feelings** & **thoughts out** – intimacy turns to **Toast**.

Intimacy is when two souls are **VERY BEST FRIENDS**.

When issues come up solutions are found and any controversy **ends**.

True love and **health** means no holds are **barred**.

Friendships get tighter when the **others' best interest** is always
On **guard**.

The best way **to help** your partner's sparkling **energy** to **grow**
Is constant encouragement and support so they'll surely **know**
You've "**Got their back**" no matter what they might **do**.

HAPPINESS is like **Love CREATING** an amazing puzzle with **SHARING**
As its **glue**.

To me there's nothing like **sharing TIME & KISSES**.

This is what my open heart constantly **wishes**;

To help my woman be "**ALL she can BE**". "**Light hearted**",

WILD & FREE !

A **GREAT BLESSING** to the world, and **thank God... FINALLY ME !!!**
