

#142 God Probably Doesn't CARE?

Here I am hungry, hurtin' and houseless

Getting the feeling that God couldn't care less.

The prayers that my basic needs be met

Seem to be trumped by the Law - what you give out...you get.

And each day I have less and less TO GIVE away

Since what I think I'm sharing isn't coming back my way.

Positive vibrations are going out but seem to be getting lost.

Must not have rebounded back yet from reaching the ultimate cost.

This cost is what I DECIDE upon that "I've had enough"!

Trying to find happiness BEing Rich and not yet rich is really rough.

Contentment is impossible when the bottom line is not clear.

Hell, Jesus knew where he came from & going to were both so near

He could easily access His ultimate intimacy with the Spirit of PEACE.

He would go to His favorite garden which would let Him release

All carnal nature based thoughts that limit the ability

To grow from life's issues using WISDOM that sets one free.

Now I'm NOT Jesus nor do I claim to BE

But I DO KNOW that somehow HE LIVES INSIDE of ME

Always a part of everything I do.

LESS when I think of ME & MORE when I think of YOU !

So here's the rub. What comes 1st? My HUNGER

Or any number of issues I have with you that I constantly blunder?

I confess I don't have the energy to fight on two fronts.

The rhyming word related to females I'm thinking of I can't use...

I'm No DUNCE!

#142 God Probably Doesn't CARE?

Geez! That's a carnal adjective **w**ithout much **p**ositive **s**pirit.

Can't live **w**ith**OUT** but **SO HARD** to get **NEAR IT!**

And speaking of **HARD**, this poem is **TOO** as to staying on track.

Obviously, if you're connected to the **HOLY Spirit** you can surmise what **I LACK**.

YEAH. Definitely THAT! But this poem **started out about hunger**.

I'm hungry for **THAT T 0.0 (bu)(tt)** right now **my** stomach has just **Sung her**

"I'm Empty! Feed me! Don't you care?" song.

Sitting here praying and waiting **WON'T FILL ME** you **DING-DONG**.

Get off your ass and go get a job!

You're **NOT** every woman's picture of the **"Perfect Man"**. So stop **Strokin' your nob!**

Nor apparently ANY womans' any longer. That's **HARD** to believe.

Well...**maybe** not **so hard**. **My** name **isn't Adam** and hers **isn't Eve**.

Thirty plus years **w**ith her **g**iving all that **I** had

Ended in divorce. TWICE! Wasn't the "Right Stuff" ... TOO BAD.

So again, here **I** am, hungry, hurtin', upset and alone.

Going to build a new **l**ife where **being "this way" God WON'T** condone.

So if **I** look at **God being** everything outside of **me**

There's not one thing **currently manifested** that **sat isfies** the glee

That **drives my soul to find** more than **I** now realize...

A **musically, emotionally & spiritually** led **l**ife by means **I** can't surmise

#142 **God** Probably Doesn't **CARE?**

Except for the **INTIMACY I HAVE** with the **Spirit of Love & Peace**.
They can't be found outside of **me** when **I** distort the **vibes I** release
That aren't what **I** want to appear – **JAZZ MUSIC** and **my** **BABE NEAR**.
I know 1 **thing** for sure. Whoever **my** soul mate **IS**, she knows
She should be here

Holding **my** hand, keeping **my** (bu)(tt) in gear, and **my** heart & **tummy**
HAPPY.

I'm waiting while knowing **my** *WO!man* friend **will** help end **my**
Feeling **CRAPPY**

About *being alone*, without *someone* to *share* thoughts & actions *with*.

I guess maybe **I** just threw **God** a fleece to **PROVE IF He's REAL ...**

Or a **MYTH** ?
