

#146 **Don't TELL Me **YOU** Share My World**

This very act of **writing**
Down these words on **paper**
Will show the battle **I'm fighting**
To disarm **my lustful minds' caper.**
It wants to trick **me** into getting its **way.**
It constantly says; "**There is ONLY TODAY**
Where **dreams** are **MADE** and **MEANT** to **COME TRUE**
When my attitude **shines as gold** , not dull and **blue**".

I can not argue with that; so this is **MY issue;**
If **I** do **my** own thing **I'm** gonna **miss you**
Unless the **Love for Righteousness** actually leads the **way**
And brings **YOU** into **MY LIFE AGAIN** today.
When **I** woke up **you** were the first thing on **my mind.**
The most important thing to **me** is that **YOU find**
YOUR TRUTH if your life without **me** would seem as **kind**
And the visions of **Joy I BELIEVE IN** you've also **dined.**
There is only **ONE** way **I CHOOSE** to be **led;**
The **Holy Spirit of Love** wants **me** to be **wed**
To the one who **KNOWS** her **CALL** is to **love me** in **bed,**
Perk up my spirit for **Joy** to **stand up** in **attention** while **I get ahead**
Of the other early birds who've also found their "**worm**"
Of earthliness that provides them with something strong and **firm**
To **hold** and **grip** tightly onto and ride upon the waves of **emotion**
That are designed to release *all the tensions* & by *giving total* **Devotion**
To allow creativity to flow freely and **enJoy** the **burst** of **feeling.**
Who knows? It might be powerful *enough* to *hit the* **ceiling**
Of this box of fear **we** limit ourselves within - not knowing
How to **TRUST.**

Do you get **my drift** that this poem is about **LUST ?**

#146 Don't TELL Me You Share My World

I believe *my lust* must mean that I am still somehow *perverted*.

How do I balance **FAITH** in *dreams* to come if they're being presently **Converted**

To my idea of **Heaven** where **ALL is GOD** and **GOD is GOOD**;
And if I *might think* I need to be "**forgiven**" (again), **no problem**.
He calls it only "hay, stubble and **wood**" !

This **IS** how **God** HAS PROMISED **He** HAS SAVED our **soul**;

It's the **Devil** and his **minions** that **God** put down into **Tarturus'** hole.

"Hell" was **NOT** designed for **MAN** to "live" in forever in **to cuss**

At the *Spirit of Love* for lying when **He** said **He'd burn**

The **"Hell"** **OUT** of **us!**

You see, **this is your test** to show me **your heart**.

Is this relationship going to flourish or are **we** going to **part** ?

I'm **NOT** "**Mr. Fix it**" but **I AM** "**Mr. Right**"... "**NOW**".

Don't TELL me you share my world... **SHOW ME HOW !!!**
