

147 I Should Have Listened

I should have listened to what **God's Spirit** said

Instead of listening to my **SEX-DRIVE's** head

And kept it **IN** my pants... and **OUT** of trouble!

The peaceful life I was living became a smoldering rubble!

It'd been **SO LONG** since it'd seen **real** action.

I was seduced by **LUST** to reciprocate a physical attraction.

She said I was so cute and she couldn't resist me.

Just 5 weeks later I had **LOST MY PEACE** and needed to be "**set free**"

From the "**HELL**" I **Created** by succumbing to her seduction.

I've LEARNED my lesson! And here's my deduction;

Even though our paths were weirdly similar and sad

It wasn't based on the "**Truths of Love**"... and this mad her mad.

SO MAD, in fact...she called the cops – FULL of HATE

When I refused to "**give in**" at the end of our date.

Her birthday had started out O.K. and VERY FUN

But quickly took a sharp LEFT TURN *when I said, "We're DONE!"*

Bi-polarism is a **spirit** that delivers either **great Love...or Hate.**

I should have listened earlier but now it's too late.

Trumped up charges that led to **MY ARREST!!!**

But now that I've received my sentence *I can still attest*

That the **GRACE I RECEIVED** during my **Three Days IN JAIL**

Has **KEPT MY FAITH INTACT** and it **did not derail**

From the track **God** has me on. I just hit a **BUMP.**

I've realigned my commitment after this BIG kick in the **RUMP!**

147 I Should Have Listened

3 YEARS PROBATION. Gotta keep my nose clean.

I was **NOT KIND** to “**Give in**” to **LUST...** it was **VERY MEAN.**

To “**Hurt her feelings**”... not my intention at all.

I know I’m still in the “**Love Game**” even though I dropped the ball.

When the **RIGHT PARTNER God** has “**for ME**” finally joins our team

This won’t feel like such a **GIANT** mistake, but it will seem

Like the **FINAL** contrast of **DARK** and **LIGHT,**

And I’m **AMAZED** and **BLESSED** by Love’s unparalleled **MIGHT.**

I’m **still willing to give *whoever*** should **love me** a chance.

Only **THIS TIME** I’ll be **MUCH WISER** before we dance

To the beat of “**Love’s drummer**” – **THIS TIME IN TUNE**

And in **HARMONY & PEACE** with a **LIGHT** brighter than the **Sun’s** at

HIGH NOON!
