

#14 8 **My EDucation**

It's strange how my life continues

To expose me to newer and more exciting venues.

Within weeks of experiencing nearly **60** years complete

I still feel the effects on my soul for which the **2 spirits compete**.

I **thought** and I **WAS** acting out my refusal to even argue.

My **heart** was in the **right spirit** but my body hit a foundational miscue.

I got **WAY too nervous**, maybe even had a "**panic attack**"?

So far outta whack I **spent time in jail... & I AIN'T NEVER GOING BACK!**

So, I **already KNOW** the **Devil** wants me to lose **Faith** and fear

Because it's to **Love's Spirit**...its nemesis...to which I stay near.

In this "**season**" or "**round**" I have a new lover to trust.

As each day passes she continues to feel the thrust

Of my initial honesty and compassion I spoke of right off;

Plus in an earlier poem where my "**Spiritual Doctor**" said "**Turn my Head and cough**"!

I'm going through my **sexual physical** and it **doesn't look so good**.

I usually only grow now a nice firm pickle, but on *special occasions*,

My trusty "**Old Wood**"!

My partner is definitely not the problem when it comes to **good looks**.

I've seen **Shapes** like hers many a time on T.V. and real life, and in Movies and **porno books**!

Plus a face and smile with which her eyes show me **she is so happy** and **Content**

When I'm holding her lovingly and tight and she, as **ALWAYS, GIVES CONSENT**.

For *I'm the man* that *currently* portrays the *lover* in her *dreams*.
Might be playing the role maybe a bit too **intensely** when **her passion**
Includes **loud moans** and **screams!**
But sadly at this moment of oneness during the most happiest
Memories and thrills
Is **WHY** some men **want** or **need** to try those thrill-inducing
"Happy-ending" party pills!

NOT ME! Just sayin'... but it's not like I'm **20** years old any longer,
Yet it's not that much different either... Still want it **HARDER** and
STRONGER!

It's funny I seem to be in an underachieving group called an **"80%'er"**.
Got a **SOLID GOAL** in **mind** but gets *side tracked* after I've already **bent Her**
Over – then **make it** clear – and **repeat** it...**over** and **over** again
Finding the *exact place using vibrations* where I want **her mind** to send
Her **WAVES** and **WAVES of pleasure** never before even **IMAGINED...**
Much less **FELT;**
And her heart in my hands is like the **"Maker's clay"** that I can easily
Melt.

I **KNOW** the Pattern of gaining **WISDOM** is that **THOUGHTS** turn into
ACTIONS

And **ACTIONS** into **HABITS** that vibrates the strongest attractions
To a **CHARACTER** that is similar still in nature - at **1 level** at least - to
Yours.

Still looks like I **also have pleasure inducing thoughts** of **"getting into your Drawers"**.

But it's not to procreate. A **vasectomy** way back when. Been there.
Done that.

Produced a WONDERFUL beautiful girl I apparently let get turned into a
Bit of a brat.

She's in a "**season**" of not talking to her dad, **for some reason**, right now.
I KNOW IT'S MOSTLY MY DOINGS and **situation** somehow

As is **everything** in my life I **SEE** and **DO**.

I **KNOW** God's ANGELS are always telling me what's true

For **ME** – through my **BODY**; **how I FEEL** and **how I REACT**

To continue my **E.D.**ucation on what I **STILL** apparently **LACKED**.

LOVE starts in the head where my Mind and Soul reside.

Specifically, the one resting on my shoulders where ALL MY **SENSES**
Collide

Then send out **VIBRATIONS** I've learned to **TRUST** and **SHARE**.

IF 2 souls are to **stay** lovers and **grow to be** BEST FRIENDS, they are
SURE to **GET THERE**.

Each day is an **adventure** to SEE **HOW POSITIVE THINKING BRINGS**
GREAT JOYS,

Since the first day's dawn, it's been ones **CHOICE** to Go Out with friendly
Girls or boys

So like ME, & every soul ever born, **our CHOICES SHOW** what we **WANT**

And how close we **presently ARE** to **BEING HAPPY TODAY** with a

LOVING MATE...NOT another Tom, Dick or **hairy, Cunt!**
