

## #156 *Walking on WATER*

So I can't walk on water...YET.

The day WILL come when I CAN...I BET.

I BELiEVE that the day is coming soon.

I'd like it to happen before HiGH NOON.

The quandary is that expectations are a net

To situations we haven't experienced yet.

Our DREAMS give us a time & place for us to learn to give them Room

So EVery morning WILL bring a new OPPORTUNITY and CHOICE for

Them to *BLooM!*

EVEN as this poem and my life's results aren't completed yet,

Strangely enough our futures are entwined but *as yet we haven't met?*

Somehow God is working through our dreams that continue to loom.

Strange why last 4<sup>th</sup> of July weekend I caused my very own Big BOOM!

Last year my callous disrespect to keep my truck's back window clean

Had society and the cops come down on me HARD and MEAN.

Words written in the dirty film meant purely for JOY and FUN

Has led me on a year-long path while under the condemnation GUN.

Some "concerned" citizen thought I was kidnapping someone!

Got stopped by the cops and my vacation's FUN was DONE...

And pretty much FUN in EVery aspect of my peace-loving life.

Geez! I learned karate to keep from getting stabbed in the back with a knife.

## #156 *Walking on WATER*

The SPIRIT of Life that I'd been **LOOKING** for for **SO Long**  
**Keeps** getting *closer* and *closer* until **I do something wrong!**  
**Although**, *my mission*, or *duty*, or *dream*, or *ploy*  
**For some reason always ends with Joy!**

I've written so often & this is probably all of **ours** besides **my** own  
**Personal terror;**

The **REASON MY life isn't in my ultimate dream state ...OPERATOR ERROR !!!**  
**PERSONAL RESPONSIBILITY. MY RESPONSE COMPARED TO MY ABILITY.**  
Like the **numbers read** while taking ones **blood pressure** – **PLAIN TO SEE.**

The **HIGHER** the difference means **STRESS** is involved.

Today's **GiFT of Mercy** is that **I STILL HAVE HOPE** *my* issues  
**HAVE ALREADY BEEN** solved

To **God's PERFECT CONCLUSION** where **ALL THINGS GET BLESSED.**  
Again, today's poem's message is to **TRUST LOVE, PAUSE, and REST.**

**I SEE** each day as a **TEST** and **I BELIEVE ALL HAVE WON**

That **RECI EVE** THE **GiFT TO OPEN** ONE'S **EYES** TO **THIS MORNING'S SUN.**

Should **I SEE** another soul today, **I'm** reminded to **BE KiND.**

If not, then obviously **I** have something to **"work out"** in **my MiND.**

So here's the **"thing"** **I'm "working"** through right now;

**I FEEL THE NEED** for a **SUPER-NATURAL CONNECTiON** before **I'm**  
**WiLLiNG** to **VOW**

That **I'm ToTALLY HAPPY** with a **woman** friend & we're **on** the **same** page.

**We have** only **"GOOD VIBRATIONS"** to reflect of **PEACE & HARMONY**

With ALL... the **OPPOSiTE** of **RAGE!**

## #156 *Walking on WATER*

**I WANT** to play **MUSIC** and **BRiNG Joy** to **OUR SOUL**.

The **PURPOSE** of **Life** is **TO KNOW WE ARE WHOLE**

As a **RACE** of **HUMANS**, *being* - **BEiNGS**.

If only others could **hear how wonderful God's** choir sings!

Bring **HEAVEN** down to **EARTH** is what **JESUS** said **TO DO**.

When we **PRAY** or **MEDitATE** in **PEACE & HARMONY** with **ALL**, we're  
Right on cue

With the **MASTER CONDUCTOR** who orchestrates **EVERything** known.

When we truly **BELiEVE** our **BEST** is **ALWAYS 1<sup>st</sup>** on **God's MiND**, we'll  
**KNOW** we've **GROWN**

To the place and **time** where our **FAiTH BRiNGS Joy** our way.

Remember: The **iNTENTiON** and **FEELiNGS** must **LIVE 1<sup>st</sup>** to

Match what **we** say

To convince **my** world that my **limitations I SET MYSELF**,

And the **FUTURE & PRESENT** are **FULL of YET UNiMAGiNED WEALTH**

That comes in **SO MANY VARIETiES** it makes us dizzy.

So many **CHOICES** of **ROADS** to **CHOOSE** we get into a tizzy

And **confusion** abounds about rough **choices** that might have to  
Happen...or not.

The severity depends on whether a **tight enough iNTiMACY** with  
**God** you've **GOT**.

**I've been TESTED my** whole **Life**. **Voluntarily**, by **CHOICE** and **Will**.

Reached **5<sup>th</sup> Degree Black Belt**. Felt **HAPPY** and **CONTENT** thinking

**I've paid my bill**.

**I've** made good friends by hitting them **HARD**.

Got **hit back HARD TOO**. The **CiRCLE of LiFE** card.

## #156 *Walking on WATER*

And I've enjoyed every minute. 20 years and including the PAIN  
Because I KNOW it's always - AFTER the TESTING we'll GAIN  
The TRUTH (we're) to COMPREHEND, UNDERSTAND, & LIVE WITH !!!  
LIFE LOVES. LOVE LIVES. In HARMONY with my BELIEF in HOPE &  
FAITH that I'm CONVINCED GOD'S LOVE is *not* a myth.

So I can't walk on water...yet, but proverbial "eggshells" – YES!  
It's a matter of matching up my opposites for attention... I guess?  
Or maybe not really. I just also happened to use the word guess  
Because it rhymed so well.

I KNOW and AM THANKFUL for this 6<sup>th</sup> Degree TESTING through HELL!

GOD IS SO AWESOME...His LOVE OVERwhelms ME.

I wake up each morning THANKING God for what I SEE  
Through my physical eyes and senses...for sure. But in the  
SPIRIT is BEST.

Another day I've HEARD God \$AY... "I'm in control...ALL I\$ well.

Stop being a pe\$t"! Ha. Ha. Ha.
