

2*13 Valentine's Day 2020

For Valentine's Day 2020 I offer this poem to say

With ENERGY so vibrant yet words gentle enough to sway

Your attention for at least 1 night and a day

So with REST & DREAM Filing, you'll be COME Curious about the way

my HAPPY HEART DESIRES to feel yours beat .

mine's beating pretty Hard right NOW & I think THAT's neat .

Valentine's Day is the climaxing hours of a possible friendship in heart !
PLANNed TIME TOGETHER when 2 souls are ready for someone really special to greet .

There's reasons for EVERYTHING - including a smile-inducing FAX - romance .

Every morning we awake & THIS one extra special where SOME take a chance

To offer communion at the table of NEW FRIENDSHIPS THAT would enhance

Their Connection with each other when both are READY & WILLING to dance

To the beat of their 2 HEARTS & maybe to enjoy feeling them synchronize

With the other & their purpose in life - to Harmonize

And entrain to the Vibrations of another so KIND & Wise ...

Now each morning we're excited to experience TODAY'S NEW HIGHS!

my HIGH is SURREAL right NOW - while composing this collection

Of words I intend to give you for your further inspection ,

THAT in turn will WARM & TICKLE your HEART with your recollection ...

THIS isn't the 1st time I've shot Cupid's FRIENDSHIP POEM arrow ... your direction !

Please remember my format - I AM BEe & YOU'RE the PRECIOUS FLOWER .

An appreciation for each others' SMILES is ALL I ASK THIS hour .

You're like Rapunzel & I'm asking to help me climb her High TOWER .

I'm a Gemini - the TWINS sign - emulating how the story ends -

With MAGICAL SIGHT - RESTORING POWER!

Your Happy-hearted neighbor: RICH Kovatch
