

#24 Let's Live In Forgiveness

I say, "Let's live in forgiveness". You say, "What's the big deal?"

I say, "What goes around...comes around. It's like a big wheel.

There's no one alive that doesn't need this kind action.

When we're quick to forgive...there's no stronger attraction!

'Cause we've all done dumb things that makes someone mad,

If they don't forgive us, then don't we feel sad?

There's no one that's perfect...we must understand...

When someone falls short... we must still offer our hand

And tell them it's over, let's go on from here.

Especially when it's someone to whom we are near!

Because *if we are unwilling* to start all anew

Eventually, we'd have no friends! *Then what would we do?*

I'll tell you what happens, because I've been there myself;

Our thoughts all turn inward, and that's not good for our health.

We'll drown our feelings with some selfish corruption

That will only lead us **down the road *to our own destruction!***

I'll give you a word of wisdom I've learned;

Turn to our Lord Jesus before you get burned.

'Cause He tells us that...***if we will not forgive,***

He will not forgive us! And we'll pay as long as we live.

His rules are so simple: You'll reap what you sow!

He wrote you a book so that you'll come to know

That He wants you to read it so you'll learn what it takes.

And it's really so simple: LEARN FROM YOUR MISTAKES!

Our life is so short, not a moment to waste.

When we turn to Jesus...the good life we'll taste.

Now, I'm not saying that it'll be a breeze

But our perspective will change when we get on our knees!

Then He'll do what it takes to get you to see

How to become the real person you know you should be.

'Cause there's love in your heart you refuse to let shine.

You're just a branch...you must connect to the vine!

#24 Let's Live In Forgiveness

A branch by itself will wither and die

And it'd be a shame if you don't even try

To get life from the source that comes from the root!

If you knew His word...that point would be moot.

You'd know, ***on your own...you will not succeed.***

You'd get help from the Lord to get what you need.

And don't get too worried, 'cause you're exactly like me!

I need help from Him too, to be all I can be!

The last thing I'll tell you in this inspiring poem

Is that you must forgive your flesh man, your *spirit man* must woe 'um

To draw nearer to the Lord who knows your *flesh nature is weak.*

And you'll understand He's forgiven ALL of everything, when HIS LOVE
Has MADE YOU meek!
