

#65 Rose's 25th Birthday

Twenty five years ago, we remember the most glorious day.
When you were born **God** started showing us "the way"
To learn what life and love are all about...
That we were given a **most special gift** we'd cherish and tout

As a **rose blossom of love** being proof of how **God** does display
That love conquers all even when parents get in the way.
Our **perfect** and **personal example** of how **God holds us all in His hand**
While we were learning by falling and getting up again to stand.

Somehow by **God's grace** you've grown up exceeding what our hopes
Could even imagine could ever come out of such a pair of such dopes
Who were so selfish and unfocused on pleasing our Lord
It even led to our divorce because of the tongues two-edged sword.

But now resurrected & reconciled, **much good fruit of His Spirit is appearing.**
The **peace of mind** that occurs as maturity quickly is nearing.
And I'm speaking of our mindset that keeps faith in hard times...
Like now, when I used to bring home dollar bills, but now it's mostly **Dimes!**

That's change in my pocket just like our President did promise.
We're learning to trust only in **Jesus** & not verbalize the attitude of Thomas
Who doubted **Jesus'** return because his, and also our carnal mind, could
Not even conceive.
A new life awaits us all and **is here and now** if we'd only believe!

Because faith & belief don't need to be seen in this carnal, Earthly World
To be true.
That's why **Love is a Spirit**...separate from whatever my flesh may do.
Our flesh finds faults that are so **easy to see**,
Especially when it's usually with someone else...**AND NOT ME!**

But when **Love** truly is given to you by **God** himself which is **HIMSELF**.
The fruit of the Spirit will flow out with such abundant **wealth**.
Once again a **Jesus** lead family will grow up learning in life that truth
Never fails.
Jesus... "The Way, The Truth, and The Life" **paid** for ALL SINS...and **ALL**
The **small details!!!**
