

In October of 2019 the Austin Independent School District (Austin ISD) adopted a radical sex education curriculum to be taught in grades 3rd - 8th. This graphic curriculum is not supported by scientific evidence, is not age-appropriate, and introduces sexual orientation and gender identity. It harms students by promoting premature sexual activity. **Sex education lessons will be taught in May of 2021.**

The AISD Board approved curriculum:

- Forces children to question the very foundation of who they are by introducing them to “gender identity” concepts and encouraging them to question their biological sex.
- Teaches that doctors “assign at birth” what sex a baby is. This isn’t medically accurate.
- Teaches children to denounce “homophobia” and to challenge fellow students who do not support homosexuality.
- Compels children to attend adult-rated LGBTQ Pride rallies and to become political advocates for the LGBTQ movement and activists for liberal social justice causes.
- Defines sexual health in 8th grade (14 year olds) as the possibility of having pleasurable sexual experiences.
- Exposes children to propaganda videos designed to normalize engagement in homosexual behavior and encourages exploration.
- Takes time away from academic learning with 6th and 7th grade word-match game that includes contrived definitions of terms like gender identity, transgender, cisgender, sexual orientateon, transphobia, homophobia, bisexual, pansexual non-binary, etc.
- Under the guise of clarifying what is and what is not abstinence, 6th grade students are to participate in a group activity discussing anal and oral sex.

What can we do?

Austin ISD is legally required to allow parents to opt their children out of sex education they deem inappropriate. Please go to www.StandUpForChildren-atx.com to donate or to help with our volunteer led effort. Email: info@standupforchildren-atx.com for more info.

Stand Up For Children is a coalition of parents and concerned citizens who are taking a stand for innocent minor children to say NO to the implementation of the radical sex ed and LGBTQ indoctrination in Austin ISD.
