

**BEYOND FITNESS
STUDIO POLICIES
AS OF MARCH 10,
2020**

Due to the COVID-19 virus, BEyond FITness has developed new policies to ensure that the studio is a safe environment for training. Please review the following guidelines and recommendations:

1

Before and after a session, clients will wash their hands with soap and water for at least 20 seconds

2

Trainers will wipe down equipment with clorox wipes, or similar, before and after each training session

3

Clients may use and store their personal yoga mats in the studio.

Rest assured that we at BEyond FITness are taking this virus very seriously and will do everything humanly possible to ensure that clients will be safe working out in the studio. Thank you for your loyalty to us.
