

Ergonomic Safety Ladder System for Truck Maintenance

The LockNClimb ergonomic safety ladder system provides stable working access to all service areas.

A) 42LNCTRKENG

Slides around tire, safety handrails, wide platform, slip-resistant plate.

B) 15LNCMINISTAND

Slides behind tire, provides full foot support while working on engine parts.

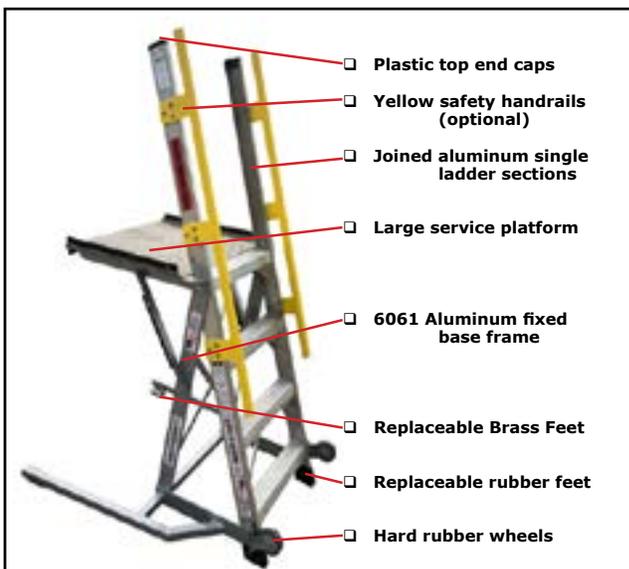

C) 13LNCTRK

Free standing ladder allows stable working access to the higher truck exterior.

D) 5LNCTRK

Pulls easily into trailer and allows walk-through access to interior and mid-exterior.

- Plastic top end caps
- Yellow safety handrails (optional)
- Joined aluminum single ladder sections
- Large service platform
- 6061 Aluminum fixed base frame
- Replaceable Brass Feet
- Replaceable rubber feet
- Hard rubber wheels

Ladder Specifications

OSHA rated 300-lb. Special Purpose. • Industrial 6061-grade aluminum support base, frame and plate. • Commercial grade wheels. • Yellow safety handrails. • Brass feet to allow easier sliding. • Stickers indicate OSHA/ANSI 14.2 compliance.

"Ladders designed by mechanics for use by mechanics."

Made one at a time by craftsmen in the U.S.A.
