

LOCKNCLIMB®

Ergonomic Safety Ladders for Motor Coaches & Buses

44LNCTRKENG affords safe stable working access to all service points along the side and rear, including running lights, windshields, racks, etc.

LNCEXTTRKFIBER is a 52-lb. fiberglass ladder that extends from 8' to 13' used to reach high areas around and on top of the vehicle with top rest support.

LOCKNCLIMB'S three ergonomic safety ladder system has been designed to afford safer comfortable working access to all maintenance points around motor coaches, buses, sport vans and other work and leisure vehicles.

Specifications

OSHA rated 300-lb. Special Purpose. • Industrial 6061-grade aluminum support base, frame and plate. • Commercial grade aluminum wheels. • Yellow safety handrails. • Brass feet to allow easier sliding. • Stickers indicate OSHA/ANSI compliance.
