RE: Coronavirus (COVID-19) Pandemic

Patrons of Pasticceria Amelia,

The recent impacts of the Coronavirus (COVID-19) pandemic have been an unprecedented challenge for our community and the world. We must each take responsibility for our actions to curve the spread and impacts of this dreadful illness.

Pasticceria Amelia will make the following changes to our trading practices from Wednesday, 25 March 2020, in-line with official government requirements at this time.

- Restricted to take-away only - no indoor or outdoor seating will be available for the foreseeable future;
- Social distancing measures will be monitored by our staff for patrons waiting to order and for customers waiting an order to be filled; and
- Our staff will adhere to strict hygiene safety protocols including frequent surface sanitation, the use of disposable hand-gloves and face-masks.

Throughout this time, our full menu, cakes and sweets will be available for takeaway.

Stay safe, we will get through this together.

Sincerely,

Pasticceria Amelia

Disease Prevention

Avoid touching your eyes, nose and mouth.
