Disclosure: These plans have been reviewed for the limited purpose of determining the aesthetic compatibility of the plans with the community and in conjunction with deed restrictions of your community. These plans are approved on a limited basis. No review has been made with the respect to functionality, safety, and compliance with governmental regulations or otherwise, and any part with respect to such matters should make no reliance on this approval. The approval authority expressly disclaims liability of any kind with respect to these plans, the review hereof, or any structure built pursuant hereof, including but not limited to, liability for negligence or breach of express or implied warranty. You are responsible to obtain whatever easements, permits, license, and approvals may be necessary. This approval does not grant variance to, exceptions or deviation from any setback or use restrictions. Compliance with all applicable building codes is the responsibility of the general contractor and/or the owner. The owner is responsible for positive drainage during and after the construction and/or installation on the lot. No water drainage is to be diverted to adjoining lots. The owner is responsible for informing the primary contractor. Compliance with all approved architectural and landscaping plans is the responsibility of the owner of legal record and any change to the approved plans without prior Architectural Review Committee approval subjects these unapproved changes to disapproval, hence, enforced compliance to the approval plans may result.
