WELCOME

Nothing compares to the lush tropical landscapes and white sand beaches that define the pristine beauty of Southwest Florida. It is known as the “Golf Capital of the World”, although that does not give proper credit to all the beauty and recreation that can be found in our area. Cultural opportunities are numerous, health care is superb, and educational facilities culminate in multiple higher degree institutions, including a highly respected state university. Quite simply, Southwest Florida provides a lifestyle like no other. We hope this guide helps you to navigate all the amazing things to see and experience in this beautiful place we call Paradise.

GOLF

Southwest Florida is often referred to as “The Golf Capital of the World.” Next to beach sunsets, there are few places where the natural beauty of Southwest Florida is more prominent than on many of its award-winning golf courses. Major designers, plus many professional players, have left their signature on area golf courses, including Pete and P.B. Dye, Robert Trent Jones Sr. and Jr., Robert Van Hagge, Arthur Hills, Tom Fazio, Jack Nicklaus, Arnold Palmer, Greg Norman, Gary Player, and more.

GOLF GLOSSARY

GOLF MEMBERSHIP

Hundreds of golf courses dot the landscape within the greater Naples and Fort Myers areas. The large majority of these are private country clubs, and prices vary for initiation fees and annual dues (see our website, TeeUpFlorida.com for pricing and other information). Initiation fees are typically a one-time fee with dues payable on an annual or quarterly basis. Most clubs offer some type of social membership, which generally entitles the member to full use of the dining, pool, tennis, and recreational facilities, in addition to use of the golf course during May through October by paying green fees. There may also be limited use of the course during the winter months. A full golf membership generally includes all social membership privileges plus use of the golf course on a year-round basis with no green fees.

BUNDLED GOLF

Some residential country club communities feature bundled golf, which means that the home purchaser receives a full golf membership at a yearly fee as part of the purchase price of their home. Buyers should evaluate the number of members at a potential club, as this will impact lead times for obtaining desirable tee times. The lower the membership, the easier it is to play at the time you want.

RECIPROCAL GOLF

In the “off season”, which is defined by the six month period between May and October, many of the private clubs participate in reciprocal agreements that allow members to play and dine at a selected list of other private clubs in the area thereby allowing their members to experience a magnificent variety of courses in the area. This is especially appealing to members who spend all or most of the year in SW Florida.

BUYING IN SOUTHWEST FLORIDA

GET PRE-APPROVED

Before you begin house hunting, John R. Wood Christie's International Real Estate recommends that you start the loan approval process. Getting pre-approved gives you a number of advantages:

- When you do find a property, sellers will take your offer more seriously because you have a lender that is committed to backing your offer.
- It gives the assurance that you're looking at homes that you can confidently afford to finance.
- You will have a significant edge over other buyers who aren't pre-approved. In situations where there are multiple offers on a property, this can be the difference between having your offer accepted and losing that property to another buyer.

MOVING TO THE AREA

John R. Wood Christie's International Real Estate will help you find the right community and the ultimate luxury lifestyle. There are many great neighborhoods in Southwest Florida and when you are relocating from outside the region, the options can seem overwhelming. We can help you navigate the entire process and ensure you understand what each neighborhood has to offer. Our staff of real estate professionals can provide you with insights into local schools, transportation, amenities, and more.

TITLE INSURANCE

Title insurance policies protect against losses that occur after closing on a property. Title insurance covers unseen problems during the title search such as examiner oversights and errors in public records. To simplify your buying process, John R. Wood Christie's International Real Estate has formed a relationship with Conroy, Conroy & Durant, attorneys who specialize in real estate, and who provide title insurance for your protection.

A John R. Wood real estate professional can help you acquire the keys to your new home.

CHRISTIE'S INTERNATIONAL REAL ESTATE

No other real estate company knows the prestigious communities and sublime lifestyle opportunities of Southwest Florida better. Over the decades, John R. Wood Christie's International Real Estates has evolved into a formidable luxury real estate brand with more than 650 best-in-class agents in 19 offices, from Marco Island to Sanibel and Captiva.

In 1958, our founder, John R. Wood, established our first office in Naples when it was merely a quiet seaside village. He saw the remarkable potential and irresistible appeal of this entire region. We credit his success and our firm's remarkable longevity to courageous risk-taking—sometimes breaking from conventional wisdom—and the agility to respond quickly to changing buyer expectations. John Wood's commitment to philanthropy, ethics and legendary service defines us and distinguishes us from our peers to this day.

THE UNRIVALED LEADER IN REAL ESTATE

Representing exquisite properties like yours in a unique luxury market like Southwest Florida is an endeavor we perform exceptionally, time and time again. It takes passionate dedication at all levels to our profession, our principles and our distinguished clients.

When you select John R. LOCAL EXPERTISE

UNSURPASSED EXPERTISE

Engaging a Realtor® who has not only sold properties in your area but also lives there is immeasurably rewarding. We fully understand the multitude of factors which contribute to your property's market value. We know how neighborhoods and communities were planned and developed. The companies and individuals who built them. And what makes the homes in one subdivision measurably more valuable than those in another. Our research department produces ongoing detailed analyses to ensure the soundness of every decision and real estate investment our clients make.

GUIDED BY EXCELLENCE

We hold ourselves to the same exemplary standards of conduct and character in business to which we hold ourselves as individuals: To give back to the communities where we live and work. To treat everyone with respect. To speak candidly and act ethically and compassionately. To go above and beyond at every opportunity. And to be of service always to the best of our ability.

SETTING THE STANDARD FOR LUXURY REAL ESTATE

Our highly esteemed clients entrust us with their most personally meaningful real estate transactions. They appreciate our agents consistently leading the market. They know our rich history. And of course, notice the impressive sales volumes we achieve. Discover how powerful our affiliations are in distinguishing our brand and your property. And review our unrivaled global marketing resources—from traditional to digital.
