SKIN

COSRX Snail Mucin 96% Power Repairing Essence 🧴💧

Ladies!!! The hype is here for a reason, I highly recommend this product not only as a product to prep your face before makeup but also as a skincare product. The benefits of this product help improve skin vitality, repair dark spots, & soothe damaged dried skin. A must, don't sleep on it!! I tried this product on myself too and it gives you glass skin. Remember that consistency is key to anything you want to improve.
