

Mellow Mink Brewing COVID-19 Menu

4830 Carlisle Pike, Mechanicsburg, Pa
September 2020

Mellow Mink, like many other small bars, wineries and breweries offered token food items during the COVID-19 epidemic in order to conform to state Department of Health regulations. In addition to limited seating, bars could be "open for sit-down meals at tables..."

According to the brewery web site, the business was started by Matt Miller and Cole Taylor. Matt “Dr. Lambic” Miller is their brewer.

“Together, we have pursued our vision of offering small-batch craft beers in a boutique brewery setting within our home community. Our sour, funky, and farmhouse style beers embrace local terroir, rotate and change with the seasons, and make use of fruits, flowers, and spices from all over the world. Of course, we love variety and embrace all beer styles, from thirst quenching lagers, to juicy IPAs and rich barrel-aged stouts!”
