

MIRRI CRANES AND RIGGING CAPABILITY **STATEMENT**

Capability statement

Company overview

Mirri Cranes and Rigging is proudly a family owned and operated company. Established in Coffs Harbour on the Mid- North Coast of NSW, we have grown our operations to extend into the Tweed Coast and Southeast Queensland to the north and the Hunter Regions and metropolitan Sydney to the south to jobs Australia wide.

We have the capabilities to operate a wide variety of machines, ranging from 20t -40t Franas, 25t-100t Hydraulic and 30t -150t Crawler. From this, we can offer our clients lifting solutions that are customised to the needs of any size job.

Through over 50 years of experience in the management team, of cranes and rigging, we are equipped with a vast knowledge of all aspects of the industry. In our relatively short history, we have excelled in delivering our services in civil, industrial, commercial construction, stevedoring and mining sectors, due largely to the priority placed on maintaining high quality standards.

We are proud to be an indigenous owned company and see our role within the Aboriginal community as essential to who we are as a company. We are passionate about providing opportunities for young Aboriginal people through education and training and currently provide sponsorship to Kempsey Mustangs Rugby League Club and the Coffs Harbour Music Outreach program. Both of our senior managers are members of on the board for the Aboriginal land council for Gilgandra, our tribe of origin- Kamilario.

- We believe strongly in the importance of encouraging a healthy and positive culture, with an open and inclusive reporting policy. We have policies put in place and staff members who are responsible for the implementation and review. We have team developed policies for
